NOTICE OF APPROVAL OF LOCATION AND DESIGN FOR THE PROPOSED REPLACEMENT BRIDGE ON NC 32 OVER THE ALBEMARLE SOUND
Project 8.1113401
B-446
Chowan - Washington Counties
The North Carolina Department of Transportation, Division of Highways, has approved the location and design for the proposed replacement of the existing bridge on NC 32 over the Albemarle Sound. This is the same project which was presented at a Public Hearing on April 23, 1980 in the Skippersville Community Center, Skippersville, North Carolina.
The approved location of the replacement bridge will be approximately 230 feet between centerlines easterly of the existing structure. The project will begin approximately 700 feet south of the existing shore line and extend approximately 1000 feet north of the existing shoreline. Traffic will be maintained along existing NC 32 and over the existing bridge during the construction period.
The approved design will provide for two 12 foot travel lanes plus 4 foot shoulder making a 32 foot clear width on the bridge deck. The overland approach sections will be two 12 foot travel lanes plus 14 foot shoulders. Beginning at water edge the new structure will rise in grade to a minimum deck level of 20 feet above mean high water. This will provide approximately 2 feet greater clearance above mean high water than the existing structure provides. A fixed high level span will be constructed over the navigation channel. The horizontal navigational clearance will be 120 feet and the vertical navigational clearance will be 45 feet.
The Environmental Impact Statement (Final Negative Declaration) has been approved by the N. C. Division of Highways and the Federal Highway Administration. Copies are available for review and copying in the Planning and Research Library, Highway Building, Raleigh and the First Highway Division Office, Ahoskie, North Carolina.
Anyone desiring additional information concerning this project

In The General Court of Justice District Court Division NOTICE OF SERVICE OF PROCESS
BY PUBLICATION
NORTH CAROLINA CHOWAN COUNTY Herber C. Carlisle, Plaintiff
-vs-
Mary J. Carlisle, Defendant
To Mary J. Carlisle, the above named defendant:
Take notice that a pleading seeking relief against you has been filed in the above-entitled action. The nature of the relief being sought is as follows: Plaintiff is seeking a divorce from defendant on the grounds that Plaintiff and Defendant have lived separate and apart for one continuous year.
You are required to make defense to such pleading not later than the 31st day of August, 1981, said date being 40 days from the first publication of this notice; and upon your failure to do so, the party seeking service against you will apply to the court for the relief sought.

Peanut Market
Southeastern Section - Trading was limited but a few sales were reported on 1981 crop peanuts. Weather continued to be of primary concern as temperatures were high with very little precipitation reported around the Southeast. The peanut crop was rated by the Crop Reporting Service as good to excellent in Alabama and fair to mostly good in Georgia as of July 12. Sales on 1981 crop peanuts were for shelled runner type with too few sales to quote.
Virginia-North Carolina Section - Trading was slow with too few sales reported to establish a market. Crop conditions were mostly good throughout the peanut belt with some light rains during the week. Offerings of old crop peanuts were mostly good throughout the peanut belt with some light rains during the week. Offerings of old crop peanuts were very light and mostly resales. There were a few sales on 1981 crop peanuts during the current week at the following levels. Sales were for October through March delivery unless otherwise stated on a cents per pound basis. Virginia's 1981 crop unshelled fancy 50-51; shelled U. S. No. 2 51-52.

Produce grower or fishermen, do you need boxes or pallets? We make to customer's specifications. Contact New Hope Box and Tie, P. O. Box 49, Durants Neck, N.C. 27930. Phone 264-2366 days, 264-2571 nights.
