

### The Bandon Notebook

By Maggie B.  
**HI, NEIGHBORS!** I get a sick feeling in the pit of my stomach when I watch news on TV and read the newspapers which are sensationalizing the Air Controllers strike - makes me wonder what has happened to the integrity of individuals. Where is the respect and consideration for the rights of others, for the judicial system and our President? It even makes me wonder about the intelligence of those involved - it doesn't take much know-how to blindly follow some Union Leader who thinks it's O.K. to ignore any oath they have made in order to satisfy their own greed - and - to get the Union Leader himself well publicized on TV, radio and in the newspapers. Wonder what he has on his mind for his future?

When the Air Controllers were seeking that position, they were eager to sign the oath required to all Civil Service employees. It was a good paying job with many benefits not found in private industry.

In my opinion, the President's action was justified. I was a Civil Service employee for 25 yrs. 8 mos. before retiring on disability. If I had par-

icipated in a strike of any kind, I would have expected to be fired on the spot, with no hesitation. However, the President gave these people ample time to reconsider their position and go back to work. The majority chose to strike, knowing it was illegal and would result in their dismissal. Sure hope they will be able to find another job where their actions will not effect the rights of others and their country.

In my opinion, the President MUST stick to his guns. If he doesn't there will be chaos in this country - all the Civil Service employees will consider it a license to strike for anything they desire. And, what if all the service men decided to "walk-out"? They are government employees too. We would really be helpless!

We must have FAITH in the integrity of our other public employees; faith that the unprecedented example set by the Air Controllers will stop right there. We must have faith in God, that He will not allow this type action to continue. He has great plans for our Nation.

Sister Mary Brunke wrote this lovely verse entitled "Faith Is Like Magic Glasses", Share it with me:

"Faith is like a pair of glasses I bring here and there with me,  
 The thrilling thing about them is the wondrous things I see;  
 When life grows dark and dismal and my sight is near decline  
 I don my magic glasses; the perspective soon grows fine.

If I slip on this treasure I can toil with greater ease  
 Troubles and afflictions at length begin to please;  
 The world becomes all rosy and as cheery as can be,  
 I surely feel most grateful for the faith God gave to me.

Perhaps, you once had glasses, but by faith no longer live,  
 Friend, ask God for His pardon, He is kind and will forgive;  
 O cherish this dear treasure till you meet God up above  
 Then present faith as an off'ring with the gifts of hope and love."

 This glorious Lord's Day was meant to be shared with family and friends. The beauty of nature abounded - one could feel the presence of God as they gazed upon His creation! 'Twas a perfect day to enter the church of your choice for a spiritual refueling.

The fine folk assembled for Sunday School at Bandon Chapel were joyfully welcomed by Supt Meta Mason, especially those who

had been unable to be with us for some time and Eric Baumwell, grandson of Deacon Dave Lapham and his wife, Trudy. Eric lives in Hawaii, and was in the states for the National Scout Jamboree, after which he is visiting his grandparents until August 28th. Supt. Mason announced that the BCWG will hold its regular meeting at 10:30 A.M. Tuesday in Fellowship Hall;
