WHEREAS, the week of October 11-17, 1981, has been officially designated as National Newspaper Week with the theme: "A Free Press - Your Window to the World;" and

WHEREAS, the Chowan Herald has substantially supported the objectives of the Chowan Soil and Water Conservation District with excellent news coverage and editorial support during the past year.

NOW, THEREFORE, we unanimously pass this Resolution of Appreciation and commend the Chowan Herald for their interest in this important program.

GIVEN under our hand and seal this 8th day of October, 1981.

Thanks fellows. These kind words come at a good time. They give us new zest to keep on keeping on doing what we like to do best - contribute to a solution rather than be a part of the problem.

N.G. Birthday

America's oldest military force, the National Guard, will celebrate its 345th birthday on October 7.

There are 13,000 active members of the Army and Air National Guard, plus thousands of retired and former members in North Carolina. The yearly federal budget for the N. C. National Guard is in excess of \$47-million.

The Massachusetts Bay Colony saw the formation of the first "citizen-soldier" regiments in 1636. The "Minutemen" provided for the defense of their communities and were instrumental in winning America's independence when called up by George Washington during the Revolutionary War. Since then, over a million National Guardsmen have answered the call in all of America's wars.

Today's modern "Minutemen" are still "citizen-soldiers", and train one weekend each month and 15 days each summer to maintain their combat readiness.

N. C. Adj. Gen., Lt. Gen. William E. Ingram stated: "The oldest North Carolina units were formed in the early 1700s and ever since that time we've performed our dual role in responding to state and local emergencies as well as national emergencies in every situation we've been called upon.

"We're very proud of our history and of the units that exist in the Guard today, and we join all other units across the country in celebrating this our 345th birthday."

So are we.

Pirates Overcome Aces, 7-2

The Edenton Aces lost 7-2 to their rival Perquimans Pirates last Friday night at Perquimans. This is Edenton's second loss in a row to Perquimans, after a string of 17 consecutive victories. This Friday night, Edenton will celebrate its Homecoming with a game against Plymouth.

The game's only touchdown came with 1:05 left in the half when Perquimans quarterback Donnie Parker unloaded a 31 yard pass to James Riddick, who made

a great catch to score, despite being blanketed by Edenton's Thomas White. Melvin Coston converted the extra point and the Pirate's led 7-0.

The head coach for Perquimans, Pat Morgan, commented, "Riddick can catch a pass real well in traffic."

The Aces two points came with only 30 seconds left in the game. Faced with a fourth and 12 on their own 6 yard line, Perquimans quarterback Donnie Parker ran through his own end zone and past the end line for an intentional safety. Edenton was unable to score as time ran out, giving the Pirates a 7-2 victory.

Edenton coach Jimmy Addison commented, "They definitely wanted the ball game more than we did. We have a lot of areas to work on."

"One of the areas of concern for Addison was the offensive line. "It's a matter of blocking," he said. "The offensive line just didn't do a good job. I think our offensive line plays better than they showed us tonight."

Both defenses played a good game, as evidenced by the final score. Thomas White of the Ace's had three interceptions at the game's end.

Morgan said, "Defensively we did a super, super job."

Addison said, "They just outit us, but we'll be back."
