He joined the Marine Corps in August, 1980.

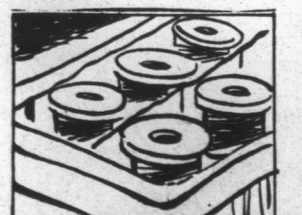

## Bank Reveals Profits Increase

Bancshares of North Carolina Inc. announced Monday a 30 per cent increase in third-quarter profits and a 52 per cent increase in profits for the first nine months of 1981.

Bancshares, parent company of Bank of North Carolina, earned \$783,941.37 cents per share, net income in the three months ended Sept. 30, up from \$604,545, 29 cents per share, in the same quarter of 1980.

For the nine-month period, the Raleigh-based company earned \$2.3-million, \$1.11 per share, net income, compared with \$1.5-million, 74 cents per share, in the same period of 1980.

A Bancshares spokesman said much of that increase stemmed from a 34.2 per cent increase in net interest income - the difference between the bank's payments for deposits and its income for loans. Net increase income jumped from \$11.2-million in the first nine months of 1980 to \$15.1-million in the same period this year.
