

Letter To The Herald Editor

I would like to express my feelings toward the people who are in charge of the windrow burning in Rocky Hock between the Rocky Hock Baptist Church and W. E. Smith Store. We have been putting up with this smoke for the past several months. It is not only dangerous for people traveling on the highways, but it is also hazardous to the health of several people in the area. I, myself, do not have any type of lung problems that is known, but there are several people with asthma and other breathing problems that this is really having a strong effect on. For one instance, there is a ten month old baby that lives in the middle of all this smoke. He was born with underdeveloped lungs and lived seven months in the hospital. Now that his parents have the opportunity to bring him home to watch him grow, take care of him and to raise their son, all of this smoke is doing nothing to help this situation. I understand that people have to clear land, but I think these people should find another way to clear this land or at least put it off for a while until the child's lungs have developed enough to handle this smoke infested area. It would be a terrible situation for someone to deal with if something was to happen to this child or someone else because of this smoke. I am speaking of the ones in charge of the burning.

Cherry Is Chosen At Holmes High As 1981 - 82 Teacher Of The Year

Kay White Cherry has been selected as John A. Holmes High School's 1981-82 Teacher of The Year (TOY).

In making this announcement recently, Principal Rob Boyce described Mrs. Cherry's selection as "most special and unique", in that students made the final decision for Holmes School. A tie among the Holmes faculty's nominations for this honor eventually led to the members of the senior class being asked to cast the winning votes. "The entire faculty and student body are most happy with Mrs. Cherry's being named to this honor," Boyce said. "We feel," Boyce added, "that she represents Holmes well as the finest in teaching as a profession." As Holmes High School's TOY, Mrs. Cherry will represent the school as a nominee in the process of selecting the Edenton-Chowan System's Teacher of The Year. All schools and teachers within the system are given the opportunity to choose teacher-nominees for competition.

A Selection Committee, composed of school person-

nel, parents, lay citizenry and media representation, will meet in late November to interview local nominees before naming the Teacher of The Year for Edenton-Chowan Schools. This person will be the system's representative nominee for the Regional TOY and, as such, a possible candidate for State TOY.

Mrs. Cherry, an English teacher at John A. Holmes High School since 1973, is most active in school, church and community activities. She is the wife of Robert Cherry and mother of Alan and Johnny Perry and Sheila Cherry.

Safety Tips

Long before the electric iron was ever imagined, women heated heavy hand irons on top of a fire or over a stove top. If they were lucky, they could press an entire garment before having to reheat it.

Although the iron has certainly changed in appearance and effectiveness through the years, it still poses some hazards if not properly used.

The most common hazard is pulling and tripping on the cord. Many times irons are used in exposed traffic areas thus the cord is more accessible to children. Tripping over the cord or pulling on it might cause a hot iron to fall and result in a serious burn.

Another common accident is knocking over the iron. The resting bases on some irons are more unstable than others, and a slight push will tip them over. If the iron does tip over, it can spray hot water and cause serious burns.

How can these potential dangers be avoided?

—Chose an iron that has a movable cord which can accommodate both a right-handed and left-handed user.

—Remember to unplug the iron and place it out of reach of children even if you leave for only a few minutes.

—Use a sturdy ironing board and place it close to a wall and the outlet where it is plugged in.

—Unplug a steam iron when filling it with water. You can get an electric shock if the water spills on the iron's live electrical components.

—After you have finished ironing, coil the cord and place the iron out of reach of children to cool.

Betty Denise Harrell

Engagement Announced

Mr. and Mrs. Fleetwood Harrell, of Tyner, announce the engagement and forthcoming marriage of their daughter, Betty Denise, to Mr. Jack "Ken" Dail, son of Mr. and Mrs. Jack Dail also of Tyner. The wedding will be held at Center Hill Baptist Church on Sunday, December 20, 1981 at 12:30

P. M. Friends and relatives of the couple are invited to attend.

Guest Speaker

Lawrence Academy had an interesting visitor on November 18. Carole Marsh, a writer of juvenile mysteries, visited the 4th, 5th, and 6th grade classes to answer students questions about her writing.

The students are well acquainted with her books because of their local appeal. Two of her books, "The Secret of Somerset Place" and "The Haunt of Hope Plantation," have local setting, and use local children as characters. Before leaving she presented April Lane and Susan Cherry autographed copies of the Hope Plantation mystery in which they appeared as characters.

Bar-b-que, crispy cole slaw, french fries - ketchup, fruit gelatin, and milk.

Friday — Orange juice, scrambled eggs, toast with jelly, and milk. Beef vegetable soup, sandwiches, crackers, apple and milk.

Humpty Dumpty Film Scheduled

For years, the facts surrounding the case of one Humpty Dumpty have been obscured. When questioned, the King's men have remained silent. Nor have the King's horses shed much light on the matter.

Will the world ever really know what happened to poor Mr. Dumpty? Yes. Because now there's a new animated film that tells the truth. The Dumpty case has been cracked!!

The First Assembly of God will be viewing this film as a part of our Thanksgiving Eve. All-Church service on November 25th at 7:30 P. M. You might find it both entertaining and enlightening. First Assembly of God is located on US 17 South Business and the Pastor, Norm Gloeckler, cordially invites the public to attend.

Orchestra To Present Concert

The Albemarle Pops Orchestra will present a concert of Christmas Carols and old favorites on November 29 in conjunction with Edenton's Christmas Parade. This fine group of musicians will appear at 1:30 P.M. in the parking area beside the new courthouse on Broad Street. Their half hour concert will precede the parade which is scheduled for 2:30 P.M. Everyone is invited to gather at the courthouse to listen and sing along as the

Christmas Season is introduced to the community.

Singles Group Meeting Is Stated

The newly formed Spontaneous Singles Group (singles and singles-again for all ages) will meet on December 3 at 7:30 P.M. in the Edenton Baptist Church Fellowship Hall. The nursery will be provided. For more information contact Nellie Brown at 482-8292.
