DOT Board To Meet

RALEIGH - The next meeting of the North Carolina Board of Transportation has been scheduled for Friday, at 10

The group will meet in the board room of the Highway Building located on the corner of Wilmington and Morgan streets. The public is invited to attend.

Among the items to be considered by the board is the proposed update of the state's Highway Improvement Program.

"Over the last year, the board and Department of Transportation staff have been reviewing and evaluating the current highway program on a projectby-project basis in order to bring the plan in line with available funding," explained Sec. of Transportation Bill Roberson.

"As we have emphasized over and over again, soaring inflation and declining revenues have forced us to carefully reassess our highway construction priorities.

"As Gov. Jim Hunt has said, 'The day of big new highway construction is gone. We must focus on highway maintenance. It is through maintenance, of course, that we protect the public's huge investment in North Carolina's existing 76,000-mile highway system.' "

Roberson added, "That system is being protected thanks to the additional highway maintenance funds being provided by Governor Hunt's 'Good Roads' program which was passed by the 1981 General Assembly."

When asked about the update of the Highway Improvement Program, which has not been completely finalized yet, Gov. Hunt commented at a recent news conference, "Bill Roberson and the Board of Transportation are working hard to make our highway program more efficient, to put every available dime and dollar to the wisest possible use, but even with that we must sharply curtail our program.

"A lot of projects that were in the plan before are going to become inactive, or substantially delayed. We're going to try to put the available money in those

vitally needed for reasons of safety, economic development and equity."

Another item included on the board's agenda involves 10 highway improvement contracts totaling \$17.1million. Four of those contracts call for work on US-17 in Camden and Pasquotank counties, the I-40 extension in New Hanover County, I-85 in Davidson County and US-23-441 in Jackson County.

In addition, the board will be requested to approve \$13,500 in state funds for a demonstration transit project in Greensboro. The project would provide transportation between downtown Greensboro and Guilford Technical Institute. State funding, if approved would be matched by \$10,831 in local monies bringing total project costs to \$24,331

The Peanut Market News

Southeastern Section -Trading was very slow. Demand was light. There was some buyer interest expressed for January forward contracts but with very few sales resulting. In Jumbo runners, there was some export interest indicated. Weather in the Southeast by the end of the current week was unseasonably cold. Prices are cents per pound for prompt shipment unless otherwise stated. Prices represent few sales. Runners shelled jumbo 471/2-48; medium 42, January-May delivery 43; No. 1 40; U.S. splits 41, January-March delivery 42, export 36: 14-16s including through February delivery 243/4-25.

Virginia-North Carolina Trading was very slow. Demand was light. There was very little buyer interest currently. There was a lot of interest in the fate of the farm bill and as a result there was a wait and see attitude. The export market interest was very limited with no sales reported. Prices are cents per pound for prompt shipment unless otherwise stated. Prices represent few sales. Virginia type unshelled jumbo 40, occasional sale low as 381/2
