

Church Of Christ Begins Revival

On January 1 of each year the Church of Christ on Mexico Road starts its revival. The theme this year is, "Begin The New Year With Christ."

Bill Mead and Robert Mayo, ministers for the congregation, indicate that they are excited because M. W. Kiser of Cincinnati, Ohio, who will be doing the preaching. Brother Kiser is a truly dedicated scholar and compassionate Christian gentleman. He received his education at Freed-Hardeman College in Henderson, Tennessee. His service for the Master has

taken him on many preaching campaigns.

The public is invited to attend and hear these great sermons: "The Unsparring God", "Is The Church of Christ Scriptural?", "Are You Drifting With The Tide?", "The Glorious Church", "Leprosy and Sin", "Use God Has Made Of Water", "The Horrors Of Hell".

The Church of Christ on Mexico Road never takes contributions during their revivals. We do provide a nursery where mothers can take their small children.

CHRISTMAS BABY — Jimmy and Elizabeth Bowser of Columbia, N.C., received a nice gift this Christmas. They had a daughter, Kimberly Sophia Bowser was born at 12:52 A. M. on December 25 and weighed 6 lb. 7 oz. Chowan Hospital's Dr. Wright delivered the baby.

Brandnames Not Necessarily Assurance Of Quality Merchandise

Designer or "status" jeans may or may not be designed by the person whose name appears on the hip pocket. The label only indicates that the designer may have agreed that the company can use his name. So the reason that these jeans cost more is because the manufacturer must pay for the privilege of using the designer's name.

Licensed brandnames or trademarks may be sold like any other merchandise. The company buying the privilege of using the licensed brand or trademark pays a royalty. Designers, cartoon characters, athletes and even football teams may sell the privilege of using their

"brands." Sellers of the brandname may or may not check the merchandise. So these endorsements aren't always an assurance of quality or durability. There's even the

possibility that the designer jeans you purchased are not what you paid for. On the market today are many jeans bearing fake identity. Check the jeans you plan to purchase inside out before making a great investment.

Studies show that when both parents are obese, about 80 percent of their children are obese; when one parent is obese, about 40 percent, and when neither parent is obese, about 7 percent.

Rest Home Residents Protected By New Bill

RALEIGH — Under a new law, the Domiciliary Home Residents or Rest Home Bill of Rights, older adults who live in rest homes will now have similar protections as those who live in nursing homes. The law became effective October 1, 1981. And, under the act, Community Advisory Committees will be appointed by January 1.

The advisory committees are optional and discretion on setting up these committees rests with the county commissioners boards of 100 counties.

Kitchen & Laundry DESIGNS

Energy efficiency is a major consideration in remodeling or building a home. Nowhere is that more important than in planning kitchens and laundries, where, with the exception of heating and cooling, most of the home's energy is consumed.

To help consumers make these areas more efficient and attractive, Maytag has published "Kitchen and Laundry Designs for the '80s—Low on Energy, High on Style." The 16-page book features floor plans and equipment suggestions for reducing utility bills and streamlining the physical effort that goes into performing those necessary household tasks.

"Recent surveys show that new home buyers rank energy-efficiency as more important than such optional features as a fireplace, in selecting a new home," said Ellen Cheever, a design consultant from Sacramento, Calif.
