

Goodwin, Thompson Awarded Plaques At Vegetable Growers Meeting

By Murray L. Goodwin
Agri. Ext. Agent
Our vegetable meeting for 1982 was attended by about

45 vegetable farmers, business men and professional people. We had people in attendance from

two states and five counties: Chowan, Perquimans, Camden, Hertford and Virginia Beach.

plaque and the thought behind it highly thrills me!

chairman. He retired last year.

control weeds and makes cantaloupes earlier. Lamont showed how plastic is put down and trickle irrigation. Trickle type irrigation is adapted only for small acreage.

Magnum, Alaska and Ball 1776. Super Star, Magnum and Alaska are new varieties in our tests. Magnum resembles Dixie Jumbo and this variety may have a place for Chowan farmers, especially if the demand for smaller cantaloupes increase.

by Marvin Evans and is a good eating variety with beautiful appearance in the shuck. A high percentage of the ears matured at the same time.

RECOGNIZED FOR LEADERSHIP — Murray Goodwin, left, shows his happiness at being given a plaque by Lindsey Ray Bunch, right, in honor of his leadership and service.

The first thing I want to do in this news article is thank the people that cooperated with our vegetable tests in 1981: Mike and John Pippins, Hutchings, Bobbie, Emmertt and Robert Winborne; Carroll Bass and sons and Marvin Evans. There is always extra work involved with tests for the farmer cooperating.

The next thing I would like to do is thank the farmers for recognizing my agricultural work with a plaque with the following inscription: "The Chowan County Farmers presents this token of appreciation to Murray Goodwin for Outstanding Service and Devoted Leadership January 1982." It's a pretty

RECEIVES AWARD FROM VEGETABLE GROWERS ASSOCIATION — Pete Thompson, right, received a plaque from Sherlon Layton, left, last week in appreciation for his work as Extension Chairman. He retired last year.

We presented our information about our cantaloupe variety test conducted by Carroll Bass and sons. Varieties in the test were Carnival, Super Market, Harper, Summet, Classic, Saticoy, Super Star,

Slides of two watermelon varieties were shown and discussed. The Pippin test involved a wind resistance evaluation and also leaf disease rating. Sunshade and Charleston Gray were damaged only slightly while
