

### Tours Begin

Tours of the Blue Cross and Blue Shield of North Carolina Service Center, located on the Durham-Chapel Hill Boulevard, U.S. 15-501, are being offered on a weekly basis.

The rhomboid-shaped Blue Cross and Blue Shield Service Center is the only one of its kind in the world and has been featured in several international architectural journals. It was designed by Odell Associates of Charlotte and constructed by the Nello Terer Co. of Durham.

The tour begins each Friday at 2:30 P.M. and is open to all interested groups or individuals. Groups of 10 or more may make appointments for a separate tour any day from 8 A.M. to 4:30 P.M., by calling 489-7431 in Durham or 942-4121 in Chapel Hill, ext. 2418.

### American Dollar in Danger

The idea of supply-side economics is simply to make the tax break attractive enough to encourage the wealthy to invest.

Lapp says the American economy's future holds both good news and bad.

"Prices will continue to climb through the early 1980s," he stated. "But we're on the right track and by the mid-80's inflation should begin to level off and prices will be stabilizing."

According to Lapp, if George Washington were called on to make his hypothetical toss of the U.S. dollar in 1990, the number of dollars would still exceed 14.

Inflation will continue somewhat, but we'll have more economic stability and certainly won't be suffering the rapid rate of inflation we're seeing today."

### Emergency Session

Rep. Vernon James of Pasquotank was in Raleigh three days last week for the short emergency session of the North Carolina General Assembly. This session was called to deal with the redistricting plan which had been turned down by the U. S. Justice Department. This has been a very trying matter.

"Hopefully, it is now resolved to meet with federal approval," Rep. James said, "although I lost a small part of Washington County, I want the people there to know that I will continue to work for their best interests. I also gained a small part of Gates County and welcome them as constituents."

While in session the Legislature appointed Teresa T. Bullock to the u.n.c. board of Governors.

Rep. James spends quite a bit of time commuting to Raleigh on legislative matters but his Raleigh office is open only during legislative sessions. The next scheduled session begins June 2. He can be reached at his Elizabeth City home address.

### ESC Funds

Employment Security Commission (ESC) Chairman, Glenn R. Jernigan, said, "I am elated and excited by the U. S. House of Representatives action which passed an emergency appropriation which will now go to the Senate for action."

Jernigan feels very strongly that the supplemental appropriation, when acted upon by the Senate today, will replenish approximately \$5-million to the state ESC budget and will prevent projected office closings acted upon by
