Regional 1982 Quiz Bowl

Pettigrew Regional Library held the Regional 1982 Quiz Bowl, Tuesday, Feb. 9 in the John A. Holmes High School in Edenton according to Elizabeth Laney, Director of the Regional Library. Louise Darby, librarian at Shepard Pruden Memorial Library coordinated local arrangements.

The top scoring team was Creswell High School, with 160 points. Other scores were Columbia High School, 110; John A. Holmes High School 80; Perquimans High School, 70; and Immanuel School, 55.

The teams were quizzed on information obtained from Encyclopedia Americana, World Almanac, Information Please Almanac, Newsweek and Times.

This is the third annual state wide quiz bowl to be held in North Carolina; but this is the first year high schools in Pettigrew Region have participated. The quiz bowl competition was started and sponsored by public libraries in an effort to recognize and encourage the academic and scholarly students of our schools.

The team with the highest score from each county will participate in a Northeastern North Carolina Quiz Bowl to be held on March 20th. That competition will involve twelve counties. The statewide competition will be held in Raleigh on April 24th.

Participating in the Quiz Bowl were: Elizabeth Laney, presiding; Tom Shepard, welcome; Vicki Chappell, moderator; Margaret Brewin, judge; Melvin Lane, Jr., judge; Richard Treleven, time-keeper; Veronica Furlough, score-keeper; Laura Spencer, recorder.

Members of the teams include: Perquimans High School - team members: James Dailey, Deborah Hoffpauir, Linward Moore, David White. Alternates: Llewellyn Towe and Elaine Twine. Sponsors: Carroll Harrell and Lois Stokes.

Local Taxation

During the early development of our country, property was a reliable source of taxation for local governments that did its part in the development of our country.

Through modern technology, most people do not have to rely on large amounts of property to earn their living. As increasing numbers of our society earn their living with decreasing need for property, this form of taxation has become outdated. If we are to provide the goods and services demanded by our citizens, local taxation must be revised to allow those citizens who do not primarily depend on property for their livelihood to share in providing funds at the local level to help meet their demands and needs.
