

Mrs. Fleetwood Linwood Harrell, Jr.

Couple Is United In Marriage

Miss Cathy Thompson Bateman and Fleetwood Linwood Harrell, Jr., were united in marriage Feb. 14 at 3 P.M. at Ballard's Bridge Baptist Church in a Valentine's Day setting.

The bride's pastor, Rev. George Cooke, officiated at the double-ring ceremony. The bride is the daughter of Mr. and Mrs. David T. Bateman of Tyner. Parents of the groom are Mr. and Mrs. Fleetwood Linwood Harrell, also of Tyner.

Mrs. Delores Hollowell, organist, provided a program of traditional wedding music. Jack Bateman and Gene Jordan were soloists.

The church altar was decorated with a double heart candelabra to inspire a Valentine wedding with spiral candelabra on either side. Fresh palms filled in between the candles and the baskets of flowers. The arrangements consisted of red roses, pink gladioli, pink mums, pom poms and babies breath. The four bouquets were placed between the candelabra and live palms in such a way as to enhance the setting.

A large white pillar candle was placed in the center on a brass candle stand. The bride and groom lit the candle with two tongs.

At the end of the ceremony, a long stem red rose was presented to each of the mothers by the bride and groom.

The bride, escorted by her father and given in marriage by her parents, wore a candlelight gown of organza. The gown featured a high neckline with a Schiffli embroidered yoke trimmed in Venise lace and crystal pleatings with attached chapel train. The full Bishop sleeves were enhanced with motifs of Venise lace. The bride chose a veil of illusion trimmed in Venise lace. She carried an old fashioned Colonial nosegay of sweetheart roses, miniature carnations,

babies breath and silk lily of the valley.

Mrs. Randy Byrum of Tyner, sister of the bride, served as maid of honor. Bridesmaids were Mrs. Randy Stalls of Williamston, aunt of the bride; Miss Hope Harrell of Tyner, sister of the groom; and Miss Diane Bateman of Raleigh, cousin of the bride. The bridesmaids wore organza gowns of Cranberry. They featured a drop shoulder bodice with a bouffant skirt. They carried hand bouquets of long stem white roses. In their hair they wore babies breath.

Mr. Harrell was best man for his son. Groomsmen were Randy Byrum of Tyner, brother-in-law of the bride; Jack Harrell of Tyner, brother of the groom; and Randy Ward of Tyner.

Miss Amy Asbell presided at the guest register and was presented a corsage of white daisies.

Dave Bateman, brother of the bride, and Paul Harrell, brother of the groom, were bulletin ushers.

The mother of the bride wore a gown with an ivory bodice trimmed in Schiffli lace and a shirt of burgandy quiona. She wore a corsage of white sweetheart roses.

The groom's mother chose for her son's wedding a gown of mauve quiona featuring a chiffon cape style cover up with an empire bodice and a crystal pleated skirt. She wore a corsage of white sweetheart roses.

The grandmothers were presented with corsages of white carnations.

The wedding was directed by Mrs. Willie Joyner of

Dear B. Anne,

Help! I am the youngest kid in my family. I am 16 years old. My father and I don't get along. Nothing I do is right. He fussed about me not having a job, so I went and got one - it wasn't at a good place! He loves my older sister (20 yrs.) she can do nothing wrong. I never do anything right! I make B's in school and they aren't good enough! He bought my older sister a car when she was 16. Where is mine? I don't get one! What do I do? I do want to please my dad. Help! Help!

a teenager to feel like her parents expect too much from her. Since, like you, most of them want to please their parents, they strive harder to achieve high goals set by their parents. Soon you'll find that you will be setting your own high goals and expecting to live up to them. Your father is just trying to help you want to improve yourself. There's nothing wrong with that. You mentioned your 20 year old sister. It's not that your father loves her more, it's that she is setting her goals for herself now and he respects it. Be patient, good things come to those who wait!

BAnne

Dear Help! Help!

Since your father cares about the type of work you do, it's obvious that he does love you. It's not unusual for

INSIGHT INTO EYESIGHT

DR. A. F. DOWNUM, JR.
OPTOMETRIST

Classroom Eyes

"It's a great feeling for a mother when her child goes off to school. And it's a great feeling for the child, too, unless he has a vision problem. If he has trouble learning to read or seeing things on the blackboard, he's going to be unhappy. And so will his parents if he fails in his schoolwork. Sometimes teachers think an inattentive child is daydreaming. If he paid more attention to them, he'd be doing a lot better in his schoolwork. But maybe he can't see well. The teacher works hard to explain things on the blackboard. But if Johnny can't see it, how can he learn?"

There are many signs of poor vision. Holding a book too close, difficulty in learning words or skipping words when reading aloud are some of them. Reading too slowly, tilting the head to look at something, or squinting are others.

An eye examination is the only way to find out. Every child needs to be able to see well to learn. Your optometrist can help.

Greatest Cause of Tooth Loss

Lack of cavities do not necessarily indicate a healthy mouth. In fact, you can lose all your teeth while never having a cavity. How? From "periodontal disease" - the greatest single cause of tooth loss in adults.

Periodontal disease is a condition involving gums, the tissues around the teeth, and even the supporting bone in advanced cases. Some of the symptoms are loosening of teeth, or bleeding, red, flabby or swelling gums or bad breath.

In most cases, there is little or no pain at first, making it easy to convince yourself that there is nothing really wrong. Be aware of a passive attitude. It is estimated that 95 per cent of the population has some kind of gum disease at some time in life, mostly after age 35.

There are home care regimens to prevent periodontal disease and dental treatments to stop it. But there is only one way to catch the problem. Get treatment in time - before serious damage is done.

A public service with the aim of promoting better dental health environment. From the office of: RICHARD N. HINES, JR., D.D.S., 437 South Broad St., Edenton Phone: 482-2776.
