

The Gospelairens

Gospelairens To Perform

The Gospelairens of Roanoke Rapids, N.C. will be at Macedonia Baptist Church on March 21 at 7 P.M. This group of men and women will be bringing the Gospel wrapped in a song. Their love for the Lord is evident in their music and testimony.

They have recently added a Puppet Ministry to their program with the help of Tracey Carroll. Carroll, who is also from Roanoke Rapids, has worked with her puppets in several eastern states and does a fine job of presenting the Love of Jesus with her friends.

Everyone, young and old, is invited to come worship in this music and fellowship program.

Centralized School Lunchroom Menus

Letter To The Editor

Dear Sir:

I'm so glad to see so much local news in the Chowan Herald. At one time there wasn't very much news from Chowan County and the surrounding areas in the paper. There was a whole lot of stuff that didn't have a whole lot to do with North-eastern N.C.

I love Edenton a whole lot and enjoy reading the Chowan Herald every Friday when I get it through the mail.

Thanks so much for brightening my weekends with your great paper.

Sincerely yours,
Melissa A. Smith
Wilson, N.C.

Tree City

Continued From 8-A

tree-care responsibilities seriously."

Most of the cities and towns receiving the TREE CITY USA designation for 1981 have received assistance through the Urban Forestry Program conducted by the Division of Forest Resources, Department of Natural Resources and Community Development. "The Urban Forestry Program is a planning and advisory service provided to communities interested in improving their urban environment by managing trees and shrubs in their community," according to State Forester H. J. Green. "Foresters in the program provide technical expertise in the establishment, protection, management and maintenance of vegetation in urban areas, communities and open spaces." Towns interested in receiving this assistance should contact the State Forester's Office in Raleigh.

The National Arbor Day Foundation is a nonprofit corporation working toward improving tree planting and tree care programs throughout the country.

Probably the smallest of our presidents, James Madison, at five feet four, never weighed more than 100 pounds.
