

**Membership Campaign**

The first spring membership campaign for the Chowan Hospital Auxiliary will be held May 20 and 21, at local grocery stores.

Mrs. C.B. Smith, president, stated that the membership drive had been changed to May to take advantage of the more desirable weather than experienced when previous campaigns were conducted in October.

Mrs. J.A. Wright, membership chairman, announced that auxiliary members will be accepting membership dues of \$1 from 10 A.M. to 6 P.M. on Thursday and Friday at the S & R Super Market and A & P, Winn Dixie and Food Town stores.

It is hoped, Mrs. Smith said, that a large number of people will join the auxiliary and become active members. The auxiliary meets three times a year on the first Mondays in October, January and April at 10 A.M. in the Conference Room at the hospital.

Proceeds from the membership campaign and other special projects of the auxiliary are used for scholarships and for equipment and other needs of the hospital.

Mrs. Wright announced that the rural Chowan County membership drive will be headed by Mrs. R.T. Harrell and in Hertford by the Hertford Business and Professional Womens Club.

**Letter To The Editor**

Dear Editor: I think your readers should be made aware of a bill that will be considered by the House when the legislature convenes in June. This bill (S.B. 411) was overwhelmingly approved by the Senate in the 1981 session.

Briefly, S.B. 411 is a more specific definition of chiropractic, to replace the one now on the books, which was passed in 1917. We think it is in the public interest to have an updated, modernized definition of any health discipline.

Strangely, the state Medical Society is opposed to this bill, and some doctors are writing letters against it. One would think that they, of all people, would want a more specific definition of chiropractic.

One point in particular concerns the public. Chiropractors want to include this statement in the law: "The doctor of chiropractic is a primary health provider." This statement guarantees that North Carolinians will continue to have the freedom to select their health care provider.

Medical doctors do not want this statement to be included in the definition.

The fact is, the chiropractor is already recognized as a primary health provider by the public, the federal government, federal and state Workers Compensation, Medicare, Medicaid, private and health insurance plans, and the North Carolina State Health Plan.

Thousands of North Carolinians prefer treatment by a doctor of chiropractic when it is appropriate. Licensed chiropractors in this state want to guarantee that they will continue to have the right to select their doctor.

Freedom of choice is one of the great advantages of living in America, and I hope that fair-minded citizens will let their State Representative know, either directly or through the media, that they want to see Senate Bill 411 passed with the kind of language that will benefit the total health care system.

Sincerely,  
B. R. Tucker, D. C.

**Callouses?**

Medicated Disks work to remove callouses, while cushioning pads protect from painful shoe friction.

Dr. Scholl's Zimo-pads
