

SECOND PLACE — Was won by Mr. Curtis Twine's 7th grade team. The team was composed of Robin Bass, Alicia Granby, Maxine Twine and Teresa Bunch. The school's Quiz Bowl was sponsored by Ethelene Rascoe, librarian and Betty Bissette, advanced English teacher.

CHOWAN JUNIOR HIGH SCHOOL'S QUIZ BOWL WINNERS — Are just as proud of their recent accomplishments as if they had won in State Quiz Bowl competition. Five teams from the school's sixth, seventh and eighth grades competed on questions which pertained to subject matter being taught at Chowan Junior High. A sixth grade team won the 1st place plaque for their academic efforts. Julius Jernigan and Scott Ward proudly display their plaque for other team members, Leanne Perry, Michelle Parrish and Julie Baker. Vickie Chappell, from the Shepard-Pruden Library (left back) served as moderator for the event. Miss Elsie Miller, (center) 6th grade teacher, obviously prepared her winning students well for the Quiz Bowl.

Cancer Prevention Study Is Launched

The N.C. Division, American Cancer Society, officially launched their Cancer Prevention Study II on May 15 in Charlotte. In conjunction with a meeting of the Division Board of Directors, local volunteer CPS-II Chairmen from across the state gathered to receive orientation and materials. "North Carolina has accepted a goal of 34,000 subjects to be interviewed for the study, and this will involve over 50 of our local Units," announced Dr. Larry C. Crawford of Burlington, co-chairman but could not be present. "We are pleased to be a part of a national study that will address the factors related to cancer and the prevention of this dread disease."

BUILDING LOTS FOR SALE — Commercial & Residential.

"Your Chamber of Commerce Encourages Others to Make Their Home in Edenton"

Dedication Scheduled

WILMINGTON — Dedication of a new Roll of Honor Room will highlight Traditional Memorial Day ceremonies on board the USS N.C. Battleship Memorial. Knox M. Barnes, chairman of the Battleship Commission, said that the program will be presented on the fantail of the famous World War Two dreadnought, May 31, at 5:45 P.M.

Barnes added that although the Battleship is the official N.C. Memorial to the 10,000 North Carolinians who died during World War Two; on Memorial Day, she serves to honor all those men and women of the armed forces who, since the beginning of the American Revolution, have given their lives for their country.

The Roll of Honor contains the names of each of those 10,000 North Carolinians who died in WWII. Not only has the Roll of Honor been moved to a new room on board the Battleship, the Roll itself has been renovated to present a much more attractive and permanent appearance. Attendees to the Memorial Day ceremonies will be invited to visit the area following the program.

G. Andrew Jones, a member of the N.C. State Attorney General's Office and a member of the Battleship Commission in 1964 when the first Roll of Honor was dedicated, will deliver the principal address of the Memorial Service.

Research To Be Conducted

Continued From Page 2-B

mortality rate (the number of eggs which die during their drift downstream). "This research represents part of our continuing effort to identify factors which may be responsible for the decline in numbers of striped bass in the Albemarle Sound and the Roanoke River during the last several years," said Pete Kornegay, Wildlife Fisheries Biologist stationed in Camden. "Our egg sampling program will last approximately three weeks and will provide us with invaluable information concerning striped bass spawning success or failure during a particular year."

The research will be conducted near Halifax, just downstream from the spawning grounds at Weldon. Eggs and newly hatched striped bass will also be sampled at Williamston and Plymouth. Biologists use small cone shaped nets which are suspended in the river to catch the free-floating striped bass eggs. Egg samples are taken every four hours during the peak of the spawning period. The eggs are counted and examined microscopically to determine if they are dead or alive.

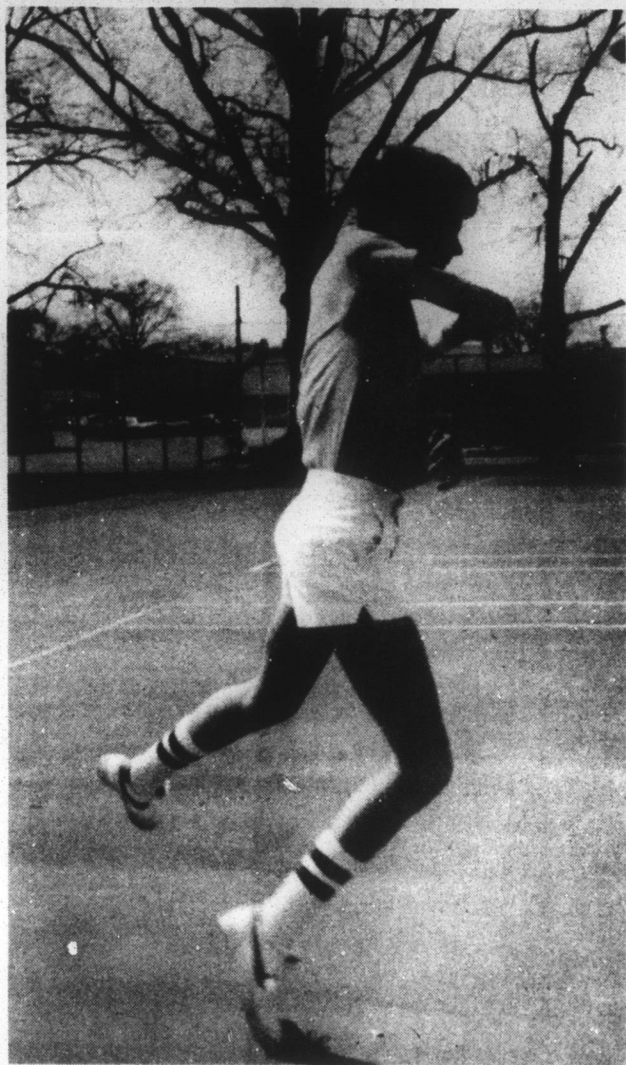

"This type of research involves a tremendous amount of work by our staff," said Kornegay, "However, it is one of the most important bits of information that we gather concerning the striped bass population." The egg viability data is hoped to give some insight as to the general well being of the spawning striped bass population.

The North Carolina Wildlife Resources Commission is currently working with the North Carolina Division of Marine Fisheries and researchers at North Carolina State University.

Nixon Is Big Asset To Tennis Team

The Eastern Tar Heel Conference recently held its annual tennis tournament in Louisburg. Mount Olive College, coached by Danny Phillips, dominated the tournament and walked away with the championship. On hand to make the first year coach's road smoother was Kermit Nixon of rural Chowan County. Nixon, a 1981 graduate of John A. Holmes High School, defeated Burt Kemper 6-1, 5-7, 6-4 in the finals of the second flight. He and Tom Coggin then teamed up in the finals of the third flight

doubles to defeat Kitayama and Dove 6-4, 6-4. Nixon received a one-year scholarship upon his initial enrollment. His success in this year's tournament paved the way for the 19-year old freshman to earn a second year award at the two year school. Phillips, who was an All-American at Atlantic Christian College in Wilson, said, "Nixon always gave one hundred per cent in every match."

TENNIS TOURNAMENT WINNERS — Nixon illustrates a strong forehand in Eastern Tar Heel Tournament action. He is shown here in a singles match against Louisburg's Burt Kemper. Nixon defeated Kemper in three sets.

Pesticide Being Recalled

RALEIGH — A pesticide is being voluntarily recalled by the manufacturer following a routine market-place sampling by the pesticide section of the state Department of Agriculture. According to John L. Smith, state pesticide administrator, the pesticide, Tiger Brand Malathion, batch No. 810014, EPA Registration No. 3342-81 manufactured by Cape Fear Chemicals, Inc. of

Elizabethtown, is the product being recalled as a result of contamination with chlordane. "Due to a leaky valve at the formulation site, chlordane became mixed with the malathion," Smith said. "Since chlordane is no longer registered for use on edible crops, anyone in possession of this chemical is advised to return any used portion of the product to the place of purchase."

PROPOSED USE HEARING

TUESDAY, JUNE 1, 1982
9:00 A.M.
Fourth Floor, County Office Bldg.

Amount of unused revenue sharing money available to the County is \$5,000. Amount of revenue sharing money to be received in the coming year is \$250,000. The public will be given the opportunity to make oral and written suggestions regarding possible uses of revenue sharing funds.

Dear Mr. Congressman:

The American Dream is dying! I can't afford to buy a home. Even worse, if something isn't done, my children will never own a home. Something must be done.

Mr. Congressman, affordable home ownership has been one of the great distinguishing triumphs of our nation. I don't know when the dream got put aside, but I don't want it to die.

You have the ability to assure the perpetuation of the opportunity for home ownership.

Please Mr. Congressman, Save the American Dream.

Sincerely,

Name _____
