Letter To Editor

Dear Editor:
 When no one else stepped forward to protect the interests of the voters of this state, Tom Gilmore spoke up and took action. He has organized an effort to defeat the proposed four year term for state legislators and, in doing so, leads an effort to keep government accountable to the voters. I urge the people of Chowan County to join Mr. Gilmore and his committee in their efforts to keep the two year term. Vote NO on Amendment No. 1.

Sincerely,
 Barbara L. Wall

Mailbox Week, May 17 - 21

Now that the snowplows have been put away, the Postal Service is urging postal patrons -- and especially those on rural routes, city curblines and highways -- to turn their attention to repairing and improving their mailboxes during Mailbox Improvement Week, May 17 - 21.

"This winter was especially rough on mailboxes," said Postmaster James M. Bond. "Now the effects of weather, vandalism, abuse and neglect are evident in leaning support posts, rust and corrosion, broken hinges on doors and missing box numbers and names." Noting that rural carriers alone serve more than 15 million boxes daily, the Edenton Postmaster said a damaged or improperly placed box will make it more difficult for rural letter carriers to leave those special letters and packages. "Of course some boxes may only need painting," the postmaster said, "but others may need to be replaced."

The postmaster said the Postal Service has restrictions on the type of mailbox customers may choose. Rural customers must erect mailboxes which have been approved for use on rural routes. Should customers prefer a custom-made mailbox, it must meet certain standards for size and strength and be approved by the postmaster before being placed in use.

Postmaster Bond said a variety of approved commercial mailbox designs are available for use with decorative posts, and those who would prefer a custom-made mailbox, or who need information on mailbox specifications and requirements in general may check with the Edenton post office.
