# Rains Beneficial To Crops

by Mike Williams  
Frequent rains and warm temperatures during July were beneficial to the development of most crops in the State according to the North Carolina Crop and Livestock Reporting Service. Today's forecast, based on crop conditions around August 1, indicated more corn, soybeans and sweet potatoes but less tobacco, peanuts, cotton and apples than a year earlier.

Flue-cured tobacco production is forecast at 644 million pounds, 15 per cent less than last year's crop of 756 million pounds. The lower production resulted from a reduction in acreage for harvest and lower yields per acre. Acreage for harvest is estimated at 312,000 acres, 12 per cent below the 1981 crop of 353,000 acres. The average yield per acre is forecast at 2,065 pounds, 80 pounds less than the 1981 average yield.

Burley tobacco is forecast at 27.5 million pounds, 1 per cent less than last year's production. Maryland type tobacco in North Carolina is forecast at 165 thousand pounds, only one per cent of last year's production.

# Trade Negotiations

WASHINGTON, D.C.—“I am confident we can rely on you to remain the hard-nosed champion of legitimate economic interests of the United States. Nevertheless, I felt it important to urge you not to allow the bureaucrats at the Department of State to dictate a trade policy toward Communist China which denies the economic well-being of our own citizens,” he said.

East, who favors tighter textile import controls, said it is “laughable to talk about free trade with a partner that fixes the wages of its workers at subsistence levels in a slave economy.” East sent a similar letter to U.S. Trade Representative William E. Brock.

# "Global Shield '82"

Tech. Sgt. Willie J. Leary, Jr., son of Willie J. Leary, Sr., Route 1, Edenton, has participated in an Air Force Strategic Air Command (SAC) exercise called Global Shield 82. Leary, a security supervisor with the 92nd Missile Security Squadron, Minot Air Force Base, N.D., joined others from all SAC units in the United States and selected Air Force Reserve and Air National Guard units to take part in

# "After-School" Swimming Classes

Two "after - school" swimming classes are being offered by the Chowan County Chapter of the American Red Cross for those who hold beginners or advanced beginners swimming cards. At the first session swimming skills will be tested and swimmers assigned to either the Advanced Beginners class at 5 P.M. or the intermediate class at 6 P.M.
