

Methodist Rally Day - Sunday

The Edenton United Methodist Church will meet this Sunday (September 12) at Sandy Point Beach, beginning at 10:30 A.M. for the 1982 Rally Day and Family Fellowship Outing. An out-door worship service will be held at 11 o'clock A.M. after which a fellowship dinner will be enjoyed. Everyone will bring food (and lots of it). Paper plates, eating utensils and drinks will be furnished by the church. In the afternoon there will be games, contests, swimming and home made ice-cream. Bring the entire family and friends to this celebration. This event will take the place of the Sunday School and worship service at the church on Virginia Road. A district meeting with Methodist Retirement Home representatives will be held at the Edenton UMC on Monday, September 13, 7 o'clock P.M. The Edenton United Methodist Women will prepare and serve the meal.

The circles will meet next week as follows: Mary -

Martha Circle will meet Monday, September 13, 10:30 A.M. with Mrs. Esther Crisanti. The Afternoon Circle will meet on Tuesday, September 14, 3 o'clock P.M., in the church library. The Children's Choir will meet for rehearsal at 7 o'clock P.M. on Tuesday, and the Adult Choir will rehearse at 7:30 P.M. The Committee on Nominations and Personnel will meet on Tuesday at 7:30 P.M. at the church.

Edenton Native Featured On T.V.

An Edenton native who is a retired official at the University of North Carolina at Chapel Hill was featured on an educational TV program - Victory Garden, which aired Sunday evening. Robert Lee Hardison was also the subject of a feature article August 21 in The News and Observer in Raleigh. The story is centered in a 50-by-100-foot plot out behind the carport, where he grows everything from

peas and beans to kohlrabi and kale. Hardison's technique is one he developed over 50 years of gardening. "I sort of picked it up as I went along," he said. "My father was a row farmer in Edenton, and we always had a garden." Hardison is the brother of the late Julius Hardison, Route 3, Edenton. The Pacific Ocean holds half the water on earth.

The Bandon Notebook

By Maggie B. Hi, Neighbors! Labor Day Weekend was the last of the summer season for many people. Just to be sure they didn't miss out on anything, some took to the highways and by-ways for a last fling at the beaches, in the mountains or some favorite spot; while others not lucky enough to have a holiday Monday worked a bit harder than usual at the many Labor Day sales. To celebrate Labor Day, many

unemployed men and women paraded on Labor Day to call attention to the fact they WERE unemployed, some claiming they couldn't compete with industrial Robots. That is true - there's no way humans can compete with Robots - but making Robots is wonderful "people" work! A few years back when we had the "Industrial Revolution", there was a major displacement of workers for a while - then,

that good old American ingenuity and know-how went to work and other fields opened up to those displaced men and women. So, we might as well face the fact that in this changing world Robots are here to stay - the world market won't allow it otherwise. The designers and manufacturers of Robots claim they are creating new jobs for people and only the structured jobs (those held

Cotton Plus™

...the most cotton you can get in a shirt and still have easy care.

Arrow's done it again...combined the much desired luxury and comfort of cotton with the convenience of easy care. Cotton Plus is a new scientific development from Arrow research: a blend of 85% cotton and 15% high performance polyester, the most cotton possible in an easy-care shirt. Pre-tested. Proven. Made in America and "Sanfor-Set" labeled to assure continuous easy-care performance. Plus...high fashion colors...up-dated traditional patterns...exact neck sizes and average sleeve lengths...single needle tailoring. Come in today and see for yourself.

Worn by half the men in America. And reaching for the rest.
