EDENTON TRACTOR & IMPLEMENT COMPANY — Moved to the corner of Mexico Road and Highway 32 in March of 1980. That move, three years ago, may have prompted development in this area of Chowan County. Edenton Tractor & Implement Company is owned and operated by Oscar White, Sr., and sells tractors, combines, and parts. They also service farm equipment.

TERRY JONES MOBILE HOMES — Terry Jones developed the land on the corner of Mexico Road and Highway 32 for its owner. He also opened his own business, Terry Jones Mobile Homes, in November of 1981. Since that time he has moved from a single product in the mobile home line to several in order to offer a greater selection for his customers.

DIXIE AUTO & TRUCK PARTS — Was prompted to move to their new location on Highway 32 because of the cramped conditions of their former location and the unsafe conditions that existed with road access. Dixie Auto has expanded its stock to include truck parts along with their large selection of Auto parts and service. Dixie Auto & Truck Parts is hoping to have a Grand Opening soon.
