Jehovah's Witnesses To Attend A Circuit Assembly In Williamston

The Edenton congregation of Jehovah's Witnesses has made plans to attend a circuit assembly of Jehovah's Witnesses that will be held Saturday and Sunday at the Martin County Auditorium in Williamston. More than 1,000 Witnesses and interested persons from nine other congregations are expected to attend.

The theme of this assembly, according to local minister, Fletcher Gardner is "Making the Truth Manifest in Our Lives." Gardner said: "The assembly program is designed to help all to make the truth manifest in their lives by proclaiming it and demonstrating it in every aspect of their lives."

Principal speaker for this event will be Louis R. Beda, district representative for more than 25,000 of Jehovah's Witnesses in North Carolina and Virginia. Sunday at 2 P.M. Mr. Beda will speak on

"How Does the Truth Affect Your Life?" Commenting about this address,

Gardner said: "The truth affects one's life for good, not bad. A true Christian believes information found in God's Word and strives to bring his life into conformity with the body of truth found there."

A special highlight of the assembly will come Saturday morning when special arrangements will be carried out for the baptism of new Witnesses. All sessions of the assembly are free, and the public is invited to attend.

Army Corps. Public Hearing

The U.S. Army Corps of Engineers has announced that it will hold a public hearing at 7 P.M. on November 3 at Manteo High School. The purpose of the hearing is to receive comments from the public on a preliminary environmental impact statement concerning a plan by Prulean Farms to drain and clear more than 22,000 acres of land in Dare County.

Hundreds of thousands of acres of land have been cleared in eastern North Carolina in the past decade. This development has had a large impact on the economy, water quality, and fish and wildlife of the region. The Corps of Engineers has indicated that it will use the Prulean study and the public comments from this meeting as a guide in considering further clearing in Dare, Hyde, and Tyrrell counties.
