

Lawrence Academy Celebrates Victory

Friday night the Lawrence Academy Warriors celebrated this 1982 Homecoming with a big 14-6 win over the Northeast Academy Eagles. The win was also the last home game for seniors Robert Perry and Tony Dail.

The game started on a bad note for the Warriors as they fumbled the opening kickoff on their own 30 yard line. Northeast drove the ball in for the first score of the game after 7 plays with Johnnie Liverman scoring from three yards out. The run for the extra point was stopped short so Northeast leads 6-0. Midway in the first quarter the Warriors forced a fumble at mid field that was pounced on by Brad Brown. Lawrence

drove to the Eagle 19 before running out of downs and turning the ball over. However on the next Eagle possession Jon Powell recovered another Northeast fumble on the Northeast 38. Ten plays later work horse Tony Dail scored on a three yard plunge behind the right side of the Warrior line. Roy Charlton added the extra point and the Warriors took the lead 7-6. The half ended with the Warrior stopping an Eagle drive just short and having their 7-6 lead in at halftime.

The second half started with an exchange of punts. The Warriors came out well ahead in the exchange thanks to a good return by Kenny Perry and started

their second scoring drive from Northeast 29. On the ninth play of this drive quarterback Roy Charlton hit Tony Dail on a six yard scoring pass. Van Johnson added the extra point and the Warriors lead 14-6 with thirty seconds to go in the third period.

The fourth quarter was a battle of defenses with the Warriors defense never allowing the Eagles win to Warrior territory. The final score was Lawrence 14; Northeast 6.

The win pulled the Lawrence record up to 3-3 in the region and 4-4 overall. The Eagles finished their season 3-5 and 3-4. The Lawrence Warriors will finish their schedule on

Saturday October 30 at Pungo Academy. Game time is 12:45.

N.C. Symphony Reports Fund Drive Response

The Chowan County Chapter of the N.C. Symphony reports that there has been a very favorable response to their recent membership - gift drive. Local businesses and civic organizations have been generous and Chapter President Mary Rhea Gardner, reports that she is quite pleased with the reception of the drive thus far.

This year the attainment of the fund - raising goal which has been set by the Symphony Board is especially crucial, as the increased budget is necessary to provide a special "free" performances for Chowan County's High School Students. This is the last chance for many of these students to be exposed to the special magic of live symphony music in a learning atmosphere. Ordinarily, these concerts are aimed at grades four through six but since this is only the second year for the local program, high school students have missed the opportunity in the past and the Board expects to provide for future students.

Anyone who has not yet responded to the fund-raising effort and wishes to support this worthy cause is urged to contact E.L. Hollowell of or any symphony member.

N.C. Baptist Hospital Plans Expansion

WINSTON-SALEM, N.C. - North Carolina Baptist Hospital has applied to the N.C. Department of Human Resources for certificate of need approval to plan a major expansion of the medical center.

Pre-development studies, expected to cost approximately \$2.5 million, will be designed to determine present and future needs in patient care, research and medical education, and to plan facilities to meet those needs.

The extent of the expansion program, which will include renovation of present facilities, will be shaped by the results of

those studies, according to a hospital spokesman.

The planning program, to be paid for by institutional funds, will include financial feasibility studies, site studies, evaluation of existing facilities, functional and space programming, design studies, and estimation of the cost of construction and equipment. Professional consulting firms will assist in the studies.

The expansion program, which would not be completed until at least 1990, is expected to cost approximately \$80 million.

Because of increasing patient care demands, especially a marked in-

crease in the number of out-of-state patients being referred to the medical center, Baptist Hospital is considering increasing its bed complement to approximately 800. The hospital currently is licensed for 701 beds. Areas expected to be expanded include intensive and intermediate care units,

Card Of Thanks

We want to express our gratitude to all our many friends and neighbors who did so many kind things for us during the past 7 months when Joanne was confined to bed. The outpouring of love shown to our family through prayers, visits, phone calls and gifts of food was overwhelming. We feel our new little baby daughter is definitely a gift from God as well as a gift of brotherly love from this community.
