

NEW DISH—Pictured here are all three of the dishes installed by Albemarle Cable TV to bring its customers a total of 27 channels from which to choose.

Albemarle Cable TV Offers More Channels To Their Customers

Albemarle Cable TV has installed another dish, at a cost of approximately \$50-thousand dollars, bringing their customers a choice of six more channels to watch.

Located on U.S. 17 Business North, Albemarle Cable is a division of Compass Corporation. Vince Ridikas, President, from the home office in Erie, Pennsylvania, is very excited about the new channels they now offer.

These channels are: The Weather Channel - a 24 hour per day service providing in-depth weather analysis whenever you want it. In addition to the national and regional weather picture, the Weather Channel presents current, local weather conditions and the Official National Weather Service forecast for our area every five minutes, as well as severe weather warnings.

Cable Health Network - devoted to health and better living. Programs deal with health, nutrition, families, science, nature, medicine and better living.

Cable FM - a cable FM connection will allow your stereo set to bring in the stereo

sound of Music TV and the monaural sound of Home Box Office and Cinemax. Called MTV this channel features the best selling recording artists who sing and act out their songs. Current hits and "golden oldies" are offered.

C-Span-the Cable-Satellite Public Affairs Network has expanded its programming and now has its own channel. Featuring live coverage of the House of Representatives, Congressional Hearings and the National Press Club luncheons.

Black Entertainment Television - BET presents music, movies, sports, family, public affairs and women's programming—a wide variety of entertainment—directed to the black audience, but attractive to all. Quality programming features black performers in dominant or leading roles.

CBS Cable - brings you unique programs that embrace the best in music, dance, drama, comedy, film, and more. This channel will however close in December. It has not been disclosed what it will be replaced with.

The six new channels being

offered with the new dish, including Home Box Office and Cinemax. With all of this to choose from Albemarle Cable

TV customers never need to leave their television to lead a life full of excitement.
