Health Dept. Offers Safety Restraints For Children

The 1981 session of the N.C. General Assembly enacted a law that requires children riding with their parents in family vehicles to be safely restrained. By passing this legislation, North Carolina has become the eighth state to take mandatory action against the biggest threat to the lives of children.

The legislation, introduced by Rep. George Miller of Durham, was overwhelmingly passed by both the House and Senate. Having become effective July 1, this law stands as a strong commitment by the State of North Carolina to the safety of our children.

All children prior to their second birthday who are traveling with their parent in a family purpose vehicle will be required to be in an approved child passenger restraint system.

Chowan County is now offering its citizens the toddler seat program, being sponsored by the Chowan County Health Department and assisted by the Edenton Jaycettes. This program is open to all citizens and has greatly endorsed by the insurance industry in Chowan County as well as North Carolina insurance companies, a local automobile dealer and other local interested citizens.

The convertible seats are for children from birth to an approximate weight of 40 pounds. Only a properly restrained child stays in place.

Many success stories have been read and heard throughout North Carolina of children who have escaped serious injury or possibly even death because their parents cared enough to take the time to buckle them up for safety! More children, and for that matter, adults, deserve the protection of safety restraints. The Chowan

Health Department is offering this opportunity to our local children, and look forward to working with the Jaycettes and other interested groups to help protect our precious children from injury or loss of life in motor vehicle accidents.

If your group or business is interested in donating time or money to this worthwhile project, please call the Chowan County Health Department. Parents who are interested in learning more about the toddler seat program may also call Health Department at 482-2511.

The Bandon Chapel Notebook

by Maggie B.

HI, NEIGHBORS! Recently I heard a speaker on TV claim that Americans were rapidly becoming people who "justified", in their own minds, ANYTHING they wanted to do! Among the points which he saw being "justified" were: readiness to disclaim responsibility for our actions; rising adultery rate among men and women (socially accepted now, he claims); acceptance of homosexual behavior as O.K., if it suited "them"; people who believe "the world owes them a living"—just because they were born; the right some claim to "do their own thing" and satisfy their own desires, regardless of how it affects others; total indifference to the plight of their fellowmen—a "who cares" attitude; a tendency to "get him before he gets you"; and many other points.

This REALLY disturbed me! His whole concept is totally different from the way I was raised and the precepts on which this country was founded. Where his information came from is a mystery to me—the people of whom he was speaking have to be a very small percentage of our population. I believe that the majority of our folk, regardless of race, color or creed, are decent, law-abiding, hard working and moral individuals.

It kind of gets my goat to

hear anyone—no matter how knowledgeable he may be, lump the American people in categories of this nature. He failed to mention the inherent goodness in people and the many, many acts of kindness and mercy shown by people in all walks of life toward other people in need of assistance. In my opinion, he was "justifying" his own ideas and probably didn't realize or didn't care what effect his "words" would have on others. These words by John Greenleaf Whittier penned many years ago should have a positive effect on us. Share them with me:

Waters of the mighty Chowan were smooth and still, glistening with shimmering diamonds when caressed by the sun; squirrels were frolic-ing in the trees, branch to branch; birds were singing their songs of joy—just right to enter the church of your choice to thank God for His countless blessings!

A hearty welcome was extended to everyone gathered at Bandon Chapel for Sunday School by Supt. Stan Turbyfill. After making all announcements, he requested each one to make a special effort day by day to "give credit where credit is due".

"A little word in kindness spoken, a motion, or a tear, Has often healed the heart that's broken and made a friend sincere.

A word, a look, has crushed to earth full many a budding flower, Which, had a smile but owned its birth, would bless life's darkest hour.

Then deem it now an idle thing a pleasant word to speak; The face you wear, the thought you bring, a heart may heal or break."

Summer in December! The weather on this Lord's Day was absolutely beautiful—just like the beginning of summer!

Topic for our adults was "The Nature of Luke's Gospel", skillfully taught by
