

## Bandon Chapel Notebook - Resolutions

by Maggie B.

HI, NEIGHBORS! Only half of the first month of the New Year is gone - and already I have broken some of the Resolutions I made! That's life, I tell myself, yet I know I could do better. In reminiscing over this year just ended, I find it was filled with many contrasts for me: pain & illness - health; great joy - deep sorrow; rebellion - patience; failure - achievement; doubt - discovery. From these experiences, I have learned more about tolerance and empathy; the value of forgiveness, friendship and love; become more aware of the needs of others; had the satisfaction of "not giving up"; came to complete realization that we cannot live in this world alone; and know the certainty of God's love, grace and mercy. As I put this all down on paper, I know that I learned a lot in 1982. With God's love sustaining me, I look forward to each new day. Edward Cane penned this lovely poem, "The Future". Share it with me:

"I know not what the future holds, of good or ill for me and mine;  
I only know that God enfolds me in His loving arms divine.  
So I shall walk the earth in trust that He who notes the sparrow's fall  
Will help me bear what'er I must and lend an ear whene'er I call.

It matters not if dream dissolve like mists beneath the morning sun,  
For swiftly as the worlds revolve so swiftly will life's race be run.

It matters not if hopes depart, or life be pressed with toil and care  
If love divine shall fill my heart and all be sanctified with prayer.

Then let me learn submission sweet in every thought, in each desire,  
And humbly lay at His dear feet a heart aglow with heavenly fire."

On this Lord's Day the sky was gray with clouds but it didn't dampen the spirits of our fine feathered friends who raised their voices in song to greet the new day. Above the clouds, the sun was shining brightly - a good day to enter the church of your choice to thank God for His countless blessings.

Supt. Stan Turbyfill enthusiastically welcomed the fine folk gathered at Bandon Chapel for Sunday School. His "Thought for the day": We get impatient with God for not answering our prayers when we think He should. Let Gen. 21:1 be a reminder to us that God is the creator of time and IN HIS OWN TIME, He answers all prayer."

"Teaching About Compassion", Luke 10:25-37, was the subject on this Lord's Day, taught by B. Kent Rowley. Bible truth brought out was that a real neighbor was one that helped anyone in need.

Prayer List: When we pray, we ask that God's Will be

done. Please add our friends to your prayer list. Virginia Rusbuldt, sister of Connie Pate, entered Norfolk General Hospital, Norfolk, Va. on Monday for tests and possible surgery; Mrs. Zelina Edwards, mother of Joyce Ziemba, underwent eye surgery Tuesday at Maryview Hospital, Portsmouth, Va.; Jackie Wyatt is still confined to Maryview Hospital and needs prayer; Wilbur Lassiter entered Obici Hospital, Suffolk, Va. on Tuesday for further tests and possible surgery; Steve Schroeder is doing great - he was able to go to school in a wheel chair last Monday. Keep praying for him; please remember Elliott Harrell; Al Howard; Margaret Smithson; Len Koraska; Meta Mason; Junius Britton; Louise Goodwin; Gilbert Hargrave; Lillian Naylor; Darrell Britt; Joe Harris; Elton Boswell; Toby Rogerson; Percy Smith; Rachel Chandler and Garland Asbell. Pray for our Nation, its people and pray that God will guide the decisions made by our leaders and

ing and compassionate way, we can do no less to our fellowmen. As you can see when you read the New Testament, Jesus was concerned about sins of the flesh but more concerned with sins of the Spirit, i.e., judging others; gossip; dishonesty; discrimination; pride; and the like. He was understanding about the sins of the flesh but impatient with sins of the Spirit. Jesus loved us while we were yet in our sin and so we should love each other. Is there any one of us whose life is so faultless or sinless that it gives us the right to pass judgement on the life of another person?

A hearty welcome is extended to our first timers this week: Marion and Bob Dennis, formerly of Toledo, Ohio, now my next door neighbors; and Thelma Tickle, sister of Bill Johnson. We hope you enjoy our service and look forward to seeing you soon.

REMINDER: January has five Sundays. Mark your calendars NOW so you will be able to attend the Covered

Dish Luncheon in Fellowship Hall on the Fifth Sunday.

Ladies of the BCWG will hold their regular meeting Thursday starting at 10:30 A.M. The Guild is open to all women in the community. Come out on Thursday mornings and join in the fellowship and fun.

### Weyerhaeuser

Continued From Page 5-A tion and an innate knowledge of metal and how to use it, to his work in Weyerhaeuser's forest operations. He left his mark on the company in his development of a wide range of mechanized forestry equipment ranging from fertilizer spreaders to plows and rakes and planters.

According to a recent company news release, Woolard has retired to River Road in Washington, N.C., but according to his friends, that just isn't so.

"I don't much expect Vern's retired", Duzan opined, "I do expect that he's building something right now. There's no telling what it is, but whatever it is, you can bet it'll work real good."

## 4-H'ers On The Go With Projects And Shows

**Livestock Show**  
The 1983 Chowan County Junior Livestock Show and Sale will be held on Tuesday, April 5 at the American Legion Fair Grounds. This was decided at the Livestock show meeting held recently.

The possibility of lowering the age of boys and girls exhibiting steers and hogs was discussed at length. When the vote was taken, the age of 9 year old boys and girls by the time of the livestock show was agreed on.

The date for shutting up or buying steers was kept at January 1. This year the date for buying pigs or shutting up pigs away from other pigs on the farm was set for February 5 (Saturday). Weight of pigs allowed in the show will be 190 to 240 lbs.

The possibility of having sheep in the show for younger boys and girls was voted out. Gliden boys and girls will be allowed extra time to get steers (not hogs) since their club has been recently organized.

It was agreed to run a Buyers Ad in the Chowan Herald again this year. Ad-

vance Ruritan Club and Carlton Perry agreed to check on condition of pens at the Livestock Barn. Each Ruritan Club will be responsible for collection of money for Ads submitted to Livestock Show Treasurer (Harry Lee Winslow).

**Poultry Chain Project**  
There are many projects for 4-Hers to select from. If you live in the rural the poultry project is the one you should consider. It is a project that you can learn from and also help the family food supply.

If you are interested in this project and we can get enough participation we will have the poultry chain active again in 1983.

This is how the poultry chain operates: we will place fifty (50) or one hundred (100) baby chicks with you free of cost, if you provide the facilities including feed and these need not be elaborate facilities. You will grow the chicks under our supervision to pullets. During the week of the County Fair we will have a show and sale. The pullets will be auctioned off to the highest bidder and the pro-

ceeds will go back into the chain for operation for the following year. If you receive 50 baby chicks you give back eight (8) to the chain, and you give back sixteen (16) if you receive one hundred (100) chicks. The remaining ones are yours to keep for layers.

**District Retreat**  
The Holiday in Greenville will again be the setting for the District 4-H Retreat. The dates are March 11, 12, 13. Classes will center around "Safety" which is the 1982-1983 State project. The age limit for Chowan 4-Hers is 13 years. The cost is \$26.12 per person for two nights lodging and one meal, with four persons per room. Less than four persons will be higher. Transportation will be in addition. Other meals will be on your own. A \$10 non-refundable deposit is due in our office by January 28. There will be a Talent Show on Saturday night. Please have your "act" together when you register so we can send a listing along with the deposit. How about a Safety Skit?

Trip To Museum Of Albemarle

**And Spinning Wheels**  
One hundred twenty 4-H boys, girls, leaders and parents enjoyed a Roller Skating Party at Spinning Wheels in Elizabeth City and a visit to the Museum of the Albemarle on Wednesday, December 29. Adults participating in the event included: Mrs. Teresa Jordan, Mrs. Emily Copeland, Mrs. Kay Bunch, Mrs. Margie Harrell, Mrs. Carolyn Ward, Mrs. Robert Moye, Mrs. LeVerna Copeland, Mrs. Sarah Tynch, Mrs. John Mitchener, Mrs. Mable B. Jordan, Maurcie Jordan and Murray L. Goodwin, 4-H Coordinator. Transportation was by John A. Holmes School Activity Bus and eight cars.

Management of Spinning Wheels was complimentary of the behavior of the large group. Clubs with the largest attendance were Gliden, Pembroke and Hertford Road.

The visit to the Museum of the Albemarle was enjoyed by the Chowan boys, girls and adults alike. There was much to see and many of us had never visited this place of interest right near home.

### COA Uses TV As Learning Tool

College of the Albemarle will make its second attempt to reach adults who have less than an eighth grade education through the medium of television this month. There are approximately 12,000 such residents in the college service area, according to Douglas Sawyer, assistant director of Continuing Education.

Weekly programs, providing instruction on three different educational levels, will be aired on public television beginning on Monday. Sawyer said the series will include Adult Basic Education lessons in elementary level reading and mathematics; pre-General Education Development (Pre-GED) study at the junior high school level; and GED preparation for high school equivalency tests.

The multi-year project has been initiated to combat illiteracy and to prepare adults for high school competition. It is sponsored by the UNC Center for Public Television and the N.C. Department of Community Colleges in an effort to reach nearly two million North Carolinians who are classified as illiterate or are school dropouts.

"Although most of these potential students live within 30 miles of a community col-

lege," Sawyer said, "many have neither the time nor the means of transportation necessary to attend classes." He pointed out that the majority do have access to television sets, however. The programs will be broadcast in this area over WUND-TV, Channel 2, at 8 A.M. weekdays. They will be repeated at 3:30 P.M. during the week, and at 7 A.M. on Saturdays.

Sawyer said the only times a student will need to visit the college will be to enroll for one of the three programs, consult with advisors, and to take the tests. "The actual 'classroom' will be a living room, kitchen, or any place where the television set is located," he explained.

No tuition fee is charged to enroll. Students will be asked to buy a book to use with their study program, however. The cost of the book for each telecourse is: ABE, \$16.12; Pre-GED, \$18.20; and GED, \$15.60.

The beginning date for each series of programs is: GED, January 17; ABE, January 18; and Pre-GED, January 21. Sawyer urged interested adults to contact him at COA for complete details on any of the programs by either visiting his office, Room A-115, or by calling 335-0821.
