Colonial Baptist Church To Meet For First Time

Sunday morning, March 6, 1983, will mark the first meeting of Colonial Baptist Church in their permanent facilities. Meeting times for the church are: Sunday School, 10:00 A.M.; Evangelistic Worship, 11:00 A.M.; Training Union, 6:00 P.M.; and Evening Service, 6:30 P.M. Additionally, Bible Study and Prayer Meeting will be held on Thursdays at 7:30 P.M. All these meetings as well as the church's business meetings, held on the first Thursday of each month, are open to the public. The church is on Colony Drive by the railroad tracks.

Pastor Yancey and the members of the church cordially invite all to an afternoon of food, refreshments, and live gospel music on this, their opening Sunday. Hot dogs will begin roasting and hamburgers will be thrown on

the grill immediately following the morning worship service.

A surprise speaker (native of Edenton) will present the church charge during the morning service. "This man is one of the very few preachers which has come out of our town. Don't miss this opportunity!" urges Pastor Yancey.

When asked why Colonial Baptist Church was any different from other churches in the area, Pastor had the following comments: "As pastor of the church, I teach and believe that the Bible is the Word of God and more particularly, the King James version. I believe that evangelism is the ultimate goal of everything that takes place in the local church, and the members must be made aware of all they have and all they are in Christ in order for

the outreach to be effective. Christians cannot be motivated by commands alone. Their heart must be in what they are doing, whether it be church cleanup or full-time preaching. The person cleaning the church must realize that he or she has an active role in fulfilling the Great Commission in Matthew 28:18-20."

Midget Boys
The Midget Boys Allstar Team returned from the EAC tourney last weekend with a second place finish. The tournament consisted of 8 teams from Eastern N.C.

In the first game, 9 of the 10 players scored soundly defeating Little Washington 54-39. Mickey Bonner led the team with 18 points. The team returned Saturday to face Perquimans who had advanced with a win over Pamlico Co. Tony White led the Allstars to a 49-16 win with 13 points.

The win set up the championship game against Ayden. The two teams traded baskets for the first half and the score stood 18-17 at intermission. At the end of the 3rd quarter the Allstars had fallen behind by 12 points. However, a furious comeback brought the team back to within 2 points as Ayden lost the ball with only 30 seconds remaining. The pressure shot to tie rimmed in then out and the Allstars were forced to foul. Ayden then put the game away at the foul line to reach the final score of 44-39. Robert Granby held the hot hand for Edenton with 18 points.

For the tournament Robert Granby scored 32 points with Mickey Bonner and Tony White scoring 29 each while Willie Holley added 28. Congratulations to all the players on a fine tournament.

Sign-Up Period For PIK Program Closes March 11

Secretary of Agriculture John R. Block says the Reagan Administration has endorsed a proposed change in the law concerning the tax treatment of payments-in-kind made to farmers under a production and stocks reduction program announced last month.

Under the proposed legislative change, payments-in-kind received by producers under the new PIK program would be treated for tax purposes in the same manner as actual production. This means that taxable income would not be reported until the farmer sold the PIK commodities.

"The Treasury Department has endorsed the change, and legislation has already been introduced," Block said. "We are confident that the Congress will move quickly so farmers will know for sure how the payments will be treated before the sign-up period for the PIK program closes on March 11."

Without the change, a payment-in-kind would be treated as income at the time the farmer has a right to receive it, regardless of when the commodities were actually sold by the farmer. Block said this could mean a farmer would owe taxes on a payment-in-kind even though there had been no sale and no cash income to pay the taxes.
