#### Lab Provides Special Service

Teacher aides, secretaries, nurses, beauticians, college students—all have one common denominator, the Edenton Learning Lab. It was through the Learning Lab that some of these people had the privilege to complete their high school education and thus move on to jobs and opportunities previously unavailable to them.

The College of the Albemarle sponsors the center in Edenton, primarily for adults who may work on courses leading to a High School Diploma or the High School Equivalency Certificate. Its special function is to provide the materials, space, and teacher for people who are interested in completing their high school education.

The lab is open five days a week: Monday through Friday from 9:00 A.M. to 12:00 A.M. and evening hours on Monday and Wednesday nights from 6:30 P.M. to 9:30 P.M. Mrs. Mary Partin, coordinator, invites you to visit the school, which is located in the basement (main building—Queen Street entrance) of Ernest A. Swain School. If you cannot visit, telephone the coordinator at 482-4745.
