Reading Fun

Dr. Carol Veitch from the School of Library Science at East Carolina University spoke at a meeting of staff members of Pettigrew Libraries, libraries in Washington, Perquimans, **Chowan and Tyrrell Counties** on Wednesday, April 20. Dr. Veitch reminded the group that 50% of a child's learning occurs during the first four years of its life. She urged them to plan programs to reach the children during their young years. She especially emphasized the need to reach parents, particularly parents who do not read. Dr. Veitch offered suggestions for activities inroducing reading to young children. She also urged the library staffs to continue to read aloud to older children.

The meeting, held in the new Tyrrell County Public Library building in Columbia was well attended. Cathy Carter a member of the Washington County Public Library staff introduced Dr. Veitch. Ms. Carter displayed a copy of a newly published book written by Dr. Veitch, Literature Puzzles for Elementary and Middle Grades. Read aloud presentations had been arranged by Evelyn Neptune, Childrens Outreach for Pettigrew Regional Library. Readings were presented by Jane Phelps, Creswell Elementary School and by Sabrina McJilton. Washington County Library.

The members divided into county groups to discuss National Library Week Ac-'tivities in their libraries, plans for Summer Reading Program, and plans for Children's Book Week in November. The members of each county group also arranged for visiting other libraries in their counties.

The next meeting of Pettigrew Libraries was annouced for Wednesday, June 22. On that day the group will tour libraries and museums in Raleigh.

CRC Proposal

The May 5-6 Coastal Resources Commission meeting will feature a continuing discussion of a proposal to double the setback requirements for large structures built along the oceanfront and a public hearing on storm hazard planning guidelines for local governments. The meeting will be held at By George's Restaurant in Nags Head.

At 4:30 P.M. on May 5, the commission will participate in the dedication of the new Nags Head public beach access facility. The facility is on US 158 Business at the former site of the Nags Header Hotel. The access site will include parking for 70 cars, handicapped accessible restrooms, dune crosswalks, outdoor showers, summer lifeguards and trash receptacles.

At 10 A.M. on that day public hearings will be held on the planning guidelines as well as proposed rule changes to define and set locations for floating structures and to clarify how pier alignments near property lines will be established. Before the public hearings, the commission will view a slide show on high density development along the North Carolina coast.

Land-use plans for Carteret County, Kitty Hawk and River Bend will be reviewed along with an amendment proposed by Craven County. Public comment on these plans is welcome.

A committee of the commission will discuss possible changes in the way permits under the Coastal Area Management Act are processed as well as procedures for emergency and general permits.

The public is welcome at all Commission meetings begin at 9 A.M. The restaurant is located at milepost 11 on highway 158
