### Card Of Thanks

The family of Benjamin (Ben) Franklin Basnight, would like to express our sincere appreciation to the staff and doctors at the Chowan Hospital for their efforts. We would also like to thank the Chowan Rescue Squad for all they did. A special thanks goes out to the Masons for the beautiful ceremony that they performed.

His memory will always be with us, just as the expres-

sions of love and kindness by friends and relatives through their prayers, calls, food and flowers will always be remembered.

God Bless you all,  
Denise Basnight  
and family.

The word *bride*, experts say, is derived from an ancient Teutonic word meaning "to cook."

### Card Of Thanks

The sisters of Ellsberry (Dick) Ambrose, Jr. wish to express their appreciation to Drs. Harden and Perry, and in fact, the entire staff of doctors and nurses at Chowan Hospital for the excellent care given our brother while he was a patient there. They did everything they could possibly do to make him comfortable while giving him excellent medical care.

We would also like to give a special "thank-you" to the staff of the nursing home (Unit B & Unit C) where Dick resided these 2½ years prior to his hospitalization. They gave him a great deal of personal attention and excellent care in an effort to make his stay there as pleasant as possible.

May God bless each of you.

### Women's Club Meeting Held

The Edenton Womans' Club held their monthly meeting in the home of Mrs. J. Gilliam Wood.

This month's guest speaker was Mr. Arch Edwards. At this time Mr. Edwards spoke on behalf of The Edenton Historical Commission on how the future pilgrimages could be improved. He explained ways that the club could have a better working relation with the homeowners whose homes are on tour, and how to head off problems before they occur.

We would like to thank Mr. Edwards for his very informative presentation to the club.

On April 22 the club held their first Spring Card Party which was a very successful event. We would like to thank the following merchants for their donations: Edenton Office Supply, Shear Pleasure, Country Corner, Barker Queens Corner, Courts, The Back Porch, Valhalla Gifts, Ricks Laundry, Byrum Gifts, Belk-Tyler, Leary Plant Farm, Greenleaf Plant Farm and Tarkingtons.

Plans are now being made to have another raffle of a hand crafted quilt this fall. This is a club project where all members will have an opportunity to work on the quilt together. Tickets will go on sale later on this year in the fall.

Two new members were welcomed this month. They were Ruth Rose and Evelyn Beaumont.

### Community Schools

The North Carolina Community Schools Program has benefitted both the community and the schools in a significant number of ways. The community has benefitted by expansion of opportunity for people of all ages to engage in learning, recreation, cultural and other events and activities. There has been a cost savings, because additional expenditures might have been required to build or lease new facilities if school sites had not been available. Additional benefits to the community have included safe after-school environments for children of working parents; cultural arts to enrich community life; and additional opportunities for young people and adults to get to know each other and work together.

There have also been direct benefits to the schools for the community schools program. There has been a return on tax dollars realized through the contributions of volunteers and donations of resources ranging from books and supplies to recreational, vocational, and educational equipment. In a real sense, the Community Schools program is more than paying for itself. The traditional K-12 program has been enriched through the development of community-based learning opportunities.

Most important has been the improved quality of school-community relationships and partnerships, resulting from the increased involvement of the community in the schools. A feeling of ownership in the schools have resulted, and increased support from the community for the schools has been a natural outgrowth of the community schools program.

The schools are an important institution of the community designed to prepare our youth for the world in which they live. The schools
