working with your tax financial well-being as records, what did you learn about your financial situation? How would you describe it--adequate, healthy and growing, losing reserves, runfinancial situation. ning a negative cash flow or in a state of deterioration. Everyday financial transactions are demanding and they can quickly drain a sizeable fund. Therefore, to maintain financial health, one must constantly tend and nurture his finances for replenish-

ment and growth. If you are dissatisfied with your financial situation and what it promises to become, mine progress. For success, a you need to budget. It is the only cure for chronic and on- and followed by everyone in a going financial difficulties. And it must be workable for you and you must follow it for it to be beneficial. A suc- needs and expectations of the cessful budget will permit you group. Following are several to control the use of your money so that you: (1) get more of the goods and services desired, (2) increase savings and investments. (3) get the best buys in the market place, (4) squander fewer dollars, (5) keep debts to a minimum and reduce financial problems, and (6) increase your net worth.

A majority of persons budget by intuition or what seems reasonable. This is fine if there is enough money to used. It further requires allow for miscalculations in the amount available or for errors in choices of products. But when money is limited, the stakes are too great for "mental budgeting". Purchasing the wrong products or detailed analysis for several paying too high prices for in the income available causes financial problems such as: late payments, doing without important items, and increasing borrowing; or financial disaster such as bankruptcy.

The first step to budgeting is accepting the fact that of purchases in each category
