

David Russell Williams and Nancy Elizabeth Swindell

## Engagement Is Announced

Mrs. Betty Swindell of Edenton and Marion S. Swindell of Hertford announce the engagement of their daughter, Nancy Elizabeth, to David Russell Williams, son of Mrs. Lois Williams and Dr. Robert M. Williams of Vero Beach, Florida.

The wedding will take place Saturday, September 3, at 2:00 P.M. in the Hertford United Methodist Church.

Miss Swindell, a graduate of Perquimans High School, received a Bachelor of Science Degree in Biology from Guilford College and a Bachelor of Science Degree in Physical Therapy from East

Carolina University. She is employed as a staff physical therapist at Memorial Hospital in Hollywood, Florida.

Mr. Williams, a graduate of Vero Beach High School, received a Bachelor of Science Degree in Biology from Guilford College and a Masters Degree in Health Administration from Tulane University in New Orleans. He is employed as an administrative resident in the North Broward Hospital District in Fort Lauderdale, Florida.

No invitations are being sent locally. Friends and relatives are invited to attend.

## Dr. Lily Chou To Perform At Meeting on June 21

Dr. Lily Chou will perform a solo piano recital at the annual meeting of the Chowan Arts Council on Tuesday, June 21 at 8 P.M. in the Fellowship Hall of the Edenton United Methodist Church.

Dr. Lily Chou

Since her move to the Albemarle area in 1961, Dr. Chou has delighted numerous audiences with her music. She first performed in Edenton in January, 1962 in Chowan Arts Council's Series of Female Artists and most recently at May Play Day. Both performances received standing ovations. In the recent Spring Arts Festival sponsored by College of the Albemarle, Dr. Chou played with the famous Ciampi Quartet of Duke University. Her June 21

recital will include works by Bach, Haydn, Chopin and Liszt. Lily Chou was born in Shanghai, China and grew up in Hong Kong, where at the age of five she began her first piano lessons. She holds a B.A. cum laude from Bob Jones University of Southern California. Although Dr. Chou is dedicated to sharing her art from the concert platform, her greatest pride and joy are in the achievements of her students, many of whom are currently doing graduate work at prestigious universities around the nation.

Proceeding the recital by Dr. Chou, there will be a short business meeting which will include a review of the year's activities of Chowan Arts Council and the nomination and election of new Board of Directors members. The public is cordially invited to attend both the meeting and recital.

## Society News

Mary White Overton, attended the wedding of her niece, Patti Gail White who married Johnny Ray Gray, Saturday in Chesapeake, Virginia.

## Miss Jones Among ECU's Most Elite

GREENVILLE—Marion Dubose Jones of Edenton was among the most elite students at East Carolina University here during the Spring semester. She was listed those who made All A's.

Other Chowan County students among a total of 2,901 who earned places on the university's official honors lists for the semester included:

Dean's List: Philip Lynn Dale, 901 Cabarrus Street; Karen J. Evans, Route 3, Edenton; Penny J. Powell, 206 North Broad Street; Jill Diane Stutzman, Country Club Drive; and Patricia Lynne Bunch, Route 1, Tyrner.

Honor Roll: John Barnes Dunn, Jr., Country Club Drive; Kenneth A. Berry, 406 North Oakum Street; Ida Jane Byrum, Route 1, Edenton; Sarah Arlene Evans, Route 3, Edenton; Sandra T. Perry, Route 3, Edenton; Vernice Riddick, Route 1, Edenton; and Susan Reaves Stallings, 810 West Queen Street.

Edna Claretta Privott and Kenneth Irving Riddick of Eatontown, NJ were married Saturday, June 11th in White Oak Baptist Church.

The bride is the daughter of Mrs. Evelyn Privott and the late Mr. Earl Privott of Edenton. Parents of the bridegroom are Mr. & Mrs. James M. Riddick of Edenton. A reception was held at the

Elks Lodge, Edenton. The couple will reside in Eatontown, NJ.

## Omission

In an article appearing in last week's Herald regarding completion of studies for Dr. Patricia A. Miller at the University of Alabama School of Medicine, Reuben Miller's name was omitted. Mr. Miller is a former resident of Edenton and the father of Dr. Miller.

Elks Lodge, Edenton. The couple will reside in Eatontown, NJ.

The bride, a graduate of East Carolina University is a civil service employee at Fort Monmouth, NJ. The groom, also is a graduate of East Carolina University. He is a manager-in-waiting for a store with Kinney Shoe Corporation.

## Homemakers Tips For Canning Vegetables

by Frances M. Ward  
Home Economics  
Extension Agent  
Chowan County gardens are beginning to produce delicious vegetables for table use or preserving. One of the most popular methods of preserving excess produce for future use is canning. Canning is an inexpensive way to preserve food.

There are two safe methods for canning foods. The boiling water bath, used for fruits, tomatoes and pickled vegetables and the pressure canner, used for low acid

vegetables. Water Bath Canners are available on the market. Any big metal container may be used as long as it is deep enough to allow 2-4" above jar tops. The canner should have a tight fitting cover and a wire or wooden rack. A steam pressure canner may be used as a boiling water bath if it is deep enough. However, cover but do not fasten the top. Leave the petcock open, so that steam escapes and does not build up inside the canner. Steam Pressure Canners are on the market. Our Extension Office has three pressure canners available for loan.

They are loaned on a first come basis for short term use. There is a maintenance fee of 50¢ per day charged.

Be sure all jars and closures are perfect. Discard any with cracks, chips, dents or rust. Defects prevent airtight seals. Select the type of closure that fits your jars.

Always read and follow manufacturer's directions for lids.

## Mrs. Stallings Is Awarded Scholarship

by Frances M. Ward  
Home Economics  
Extension Agent  
Susan Reaves Stallings of 810 West Queen Street, Edenton, N.C. has been awarded an \$800 Scholarship by the North Carolina Extension Homemakers Association.

Susan Reaves Stallings

Susan is the daughter of Mr. & Mrs. Dan Reaves and is studying Elementary Education at East Carolina University in Greenville. An honor roll student, Susan is also active in campus and community activities. She is the mother of a 7 year old son, Chris. A graduate of John A. Holmes High School, Susan completed 2 years at the College of the Albemarle before transferring to East Carolina last fall.

The North Carolina Extension Homemakers' Association awards annually 12 scholarships for adults. Susan was selected as one of two adult scholarship winners. She was nominated by the Byrd Extension Homemakers Club. Her grandmother, Mrs. D.M. Reaves, has been an active member of the Byrd Club for over 50 years.

Mrs. Mary Julia Parrish, Chowan County E.H.A. President says, "We are very

proud that Susan has been selected as a 1963 E.H.A. Scholarship winner. She is a fine young woman and I congratulate her outstanding scholastic achievements. I also encourage each of our 13 clubs to nominate other youth and adults for similar awards."

Nominations are due each year in January. Other Chowan County recipients include Jill Copeland Jordan, Betty Privott Dail and Anna Rae Goodwin.

## VBS To Begin At Macedonia Baptist

Macedonia Baptist Church will be holding their Vacation Bible School June 20 thru 24. Children, ages three through the sixth grade will meet from 8:30 to 11:30 A.M., and grades seven through twelve will meet nightly from 7:30 to 9:00 P.M.

Commencement Exercises will be Friday night at 6:30 P.M., with a Hotdog - Hamburger picnic following at 7:30 P.M. Everyone is invited to attend all of these events. (There will be NO pre-registration day this year.)

### INSIGHT INTO EYESIGHT

DR. A. F. DOWNUM, JR.  
OPTOMETRIST

#### Can Vision Therapy Help?

Vision therapy has proven to be an effective treatment for many problems that cannot be adequately treated with eyeglasses or contact lenses alone. This is particularly true for eye coordination disorders such as crossed-eyes (strabismus) or lazy eye (amblyopia).

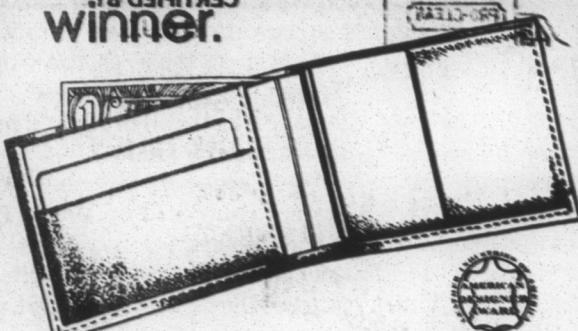

How does it work? As with many physical skills, visual/perceptual skills have to be learned and developed. Consequently, they can generally be improved through vision therapy. Such skills include eye movement control, focusing control, eye coordination and teamwork of the two eyes.

In vision therapy, the optometrist prescribes visual tasks to be practiced under controlled conditions. Repetition of these tasks can improve visual skills and vision itself. Vision therapy can also include the use of lenses, prisms and filters to improve eye teaming and/or focusing ability. Naturally, the success of any such program depends greatly on the patient's willingness to regularly follow the optometrist's instructions.

### Views On Dental Health

Richard N. Hines, Jr.  
D.D.S.  
Fellow of The Academy of General Dentistry

#### Saving An Aching Tooth

If your child should develop a toothache, your dentist will probably do whatever he can to save it if the decay is not too widespread. This will be true whether it's a baby tooth or one of the child's permanent teeth. It's important to the child's future dental health to try to keep all of his baby teeth in place until the permanent teeth erupt to replace them. If a tooth were extracted, the surrounding teeth might crowd together, filling the space, and blocking the eruption of the permanent tooth.

The dentist will first anesthetize the decayed tooth so the child will not feel pain. He will then clean out the decayed area, including the affected portion of the pulp where it enters the tooth's roots. The tooth will be medicated then filled to protect it from further decay. By remaining in place, the tooth will help keep all of your child's other teeth in alignment. At the same time it will be reserving a place for the permanent tooth, so it will have a better chance to arrive in its proper position, unblocked by shifting or crowded teeth.

A public service with the aim of promoting better dental health environment.
