Wolf Creek

Mrs. It was early Monday morning when Mrs. Dolly Knowit went to visit Mrs. Polly Talit, and the mouse with his head sticking from his hiding place in the corner, heard the following news of the community's happenings:

Polly—Come right in, Sam was just telling me that Mr. Julius Hyatt had his new house nearly ready to move into and that they Morgan had added a kitchen to his dwelling. Well, we are badly crowded here, but I guess we can't help it for awhile yet.

Dolly—Did you see Mrs. Sarah Gatten after she came back from visiting her daughter, Martha Burgess, of Belton, last wee? She said the children were sick with the flu and they thought the baby was taking pneumonia, but I guess they are better for she came back home the next day.

Polly—Yes, they are all better and in the best of the sick folk about here, but Ethel Post is still very sick and so sorry that they have to keep her tied in the bed. Poor woman! She can't live long in her condition!

Dolly—Jake (Dolly's husband) intended going out yesterday to see if he could get a Sunday School started at one of the four Baptist churches that are in one mile or here, but the weather was too rough. You know, that with five churches made of a mass of us, there is only one Sunday School that lives the year thru and that is the Advents, and they hold theirs on Saturdays, but we are always so busy that we hardly ever have time to go there; but I guess we'll have to take time to die some day.

Polly—I don't know, I heard Sam (Polly's husband) reading in the paper yesterday that a Frenchman by the name of Coue or something like that was healing people by automobile suggestions, or some simple way.

Dolly—Jake has been trying to reduce his flesh by this method all times of the day you can hear him going about saying, "Day by day in every weigh, I am growing lighter every day." O, I must be going. Come and see me.—(and the mouse heard no more).

Syrup Pepsin Loved By Hosts of Rabies

Half a teaspoonful will make a fretful youngster happy and playful

THE mother has her choice of many remedies for her baby's minor ills, but she should be careful which remedy she selects lest she do the child harm. What might be safe for herself may do injury to an infant. You will find that if the little one cries and doesn't want to play that its bowels are constipated. First look carefully to the diet and give the child one-half teaspoonful of Dr. Caldwell's Syrup Pepsin. You will then see results in a few hours. You will not have to force it on babies or children; they actually ask for it, it is so pleasant-tasting and free from purgatives.

Dr. Caldwell's Syrup Pepsin is a compound of Egyptian senna and pepsin with agreeable aromatics. The ingredients are stated on the package. It is a mild, gentle vegetable laxative that everyone finds effective and pleasant. It is better for you and yours than purgatives, coal-tar drugs, or salt

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when needed?" I beg you to try Syrup Pepsin. I will gladly furnish a liberal free sample bottle, enclosed for an adequate trial. Write me where to send it. Address: Dr. W. H. Caldwell, 111 Washington St., Monticello, Illinois. Do it now!

waters and powders, which may concentrate the blood and dry up the skin; or mercurial calomel, which may salivate and loosen the teeth.

Use a safe laxative like Syrup Pepsin, and especially for the children, for invalids, growing girls, nursing mothers, elderly people, and persons recently operated upon who need bowel action with the least strain. Mrs. Lillian Brennington of Woodruff, S. C., always gives her children Dr. Caldwell's Syrup Pepsin, and Mrs. A. E. Blondin of Muskegon, Mich., will not have any other laxative in her home. Your druggist will supply you, and it only costs a cent a dose. Try it in constipation, colic, biliousness, flatulency, headaches, and to break up fevers and colds.
