

In Memory of Mrs. T. D. Sudderth

Mrs. D. T. Sudderth,
Whose age was eighty-seven,
Bade this lonely world farewell,
And flew away to heaven.

She was a noble Christian,
To Jesus she was true,
And now she sings His praises,
Just beyond the blue.

O, you who hold her dear,
Why not cease to weep?
This sweet old lady isn't dead—
She's only gone to sleep.

Her soul is sweetly singing,
In the Promised Land,
She walks the streets of gold up
there,
And holds some dear one by the
hand.

What's the use of grieving
When she's so happy there?
She's waiting for our coming,
In that land so fair.

She lived long, had many trials,
But now all is o'er,
Her boat is safely anchored,
On the other shore.

So let's stop our sighing,
With the hope that some sweet
day,
Jesus will come again,
And take us, too, away.
—A FRIEND.

HOME LIGHTING AN ART

But Possible at Low Cost With Electric Lights.

Lighting Engineers Say Any Home Will Improve Under Light Edison Invented.

Electrical trade men see indications that the subject of lighting the home is coming into its own. Much more attention is now being given this question. Illuminating engineers say, than was ever before the case.

Just as it is now a foregone conclusion that a goodly percentage of new homes built during the ensuing decade will be of the all-electrical type, so it is also believed the lighting of those new homes will produce astonishing and artistic results, in the country as well as in the city.

Meanwhile, experts are pointing out with new vigor the importance of adequate lighting, the delight of artistic lighting, and the ease with which both may be obtained in these days of highly efficient electric lamps. A common belief of the public, that to properly light a house by electricity is very expensive, is shattered by an analysis of the matter.

It is shown that a moderately large house can be finely lighted for a sum varying from 5 to 10 cents a day. It is also declared that those who build

their own homes can both install and maintain an ideal lighting system for 10 cents a day—less than the price of a cigar or the cost of an ice cream delicacy.

Moreover, there exists the absence of that momentary but recurrent irritation that comes from a poorly placed light or a dull light. It is recognized with growing appreciation that the modern brilliant electric lights make life smoother and happier to live.

Result of Edison's Genius

Until 1873, when Edison produced the first practical electric lamp, such transforming possibilities remained unknown. And Edison's work was supplemented by discoveries made in the research laboratories of the General Electric Company, from which came tungsten and the gas-filled lamp. These are man's friends after night-fall everywhere.

Their brilliance, however, has made shades very desirable—and thereby a new field for the artistic embellishment of the home has been disclosed.

The harmony of color with light is now suggested, with all its possibilities of those of artistic ideas. Wall fixtures in particular are susceptible to attractive shades. Shades of parchment or silk, painted in colored designs are proving delightful. Families in which there are boys or girls in high school art classes secure some splendid effects from "home talent" in this direction.

Poem Of Nature and County Life

I've seen the first green sharp spears,
(I know the place where the first green appears)
Curled like a baby's hand, young ferns grow,
Safe in a sheltered place, that I know.

I will take you there, if you will follow;
We'll go down a hill into a hollow,
Past two willow trees, shining gold,
Under an apple tree, wild and old.

One silver poplar tree, two Birches, white;
Then there is a forked path—turn to the right!
There'll be a low wall of gray stone,
Where old Bittersweet and Clematis have grown.

Once you have learned how green things grow—
Watched them coming out—then you know
The same joy that Adam and Eve once had,
When any blossom could make them glad.

Then by the old wall, on the south side,
The very first Snowdrops and Mandrakes hide
I go as early as Robbins call,
And find them coming out—
There by the old wall.
—DELLA MAE STILES.

Sale-Army Shoes-Sale!

We have just bought a tremendous stock of army Munson last shoes, to be sold to the Public direct. Price \$2.75. These shoes are 100 per cent solid leather with heavy double soles sewed and nailed. Perroquet Bathing Costume

A beach costume of printed cotton in parrot design has feathered parrots on the handbags, parasol and shoes to match.

OLD AT 30 OR YOUNG AT 60?

The choice is largely up to you. If your blood lacks red corpuscles, you're going to be fagged and dragged out, you're going to lack "pep," to look sallow and unhealthy, to grow old before your time.

DR. MILES' TONIC

actually increases the number of red corpuscles in the blood. It makes the cheeks plump and rosy, stimulates the digestive organs, creates a healthy appetite, and leads to increased vigor and vitality. First bottle guaranteed to help you or money refunded.

The Public Verdict

It doesn't take the public long to decide as to the truth or falsity of any advertiser's claims. If he deals in "hot air" they take it for just what it is worth. If he deals in TRUTH they soon come to rely implicitly upon what he says.

Test The Truthfulness Of Our Advertisements

Bring our ads to us. If every article in our stock is not exactly as represented in our ads we will never again ask you to believe us.

Bring them to us. Bring them as often as you like. Bring them unexpectedly. WE MAKE GOOD ON EVERY CLAIM.

"Strong and Well"

"I WISH you could know how much I am improved since taking the Cardui," writes Mrs. Nannie Brown, of Black Rock, Ark. "You wouldn't know me for the same weak invalid I was before I took it. At my . . . I had to keep off my feet or I would fall. I couldn't do my housework, and just got where I'd most as lief be dead as living. Some one told my husband of Cardui. He got it for me and I took three bottles before I stopped—then off and on for the last three years just as a tonic. I saw a decided improvement after my first bottle. I used the three, and was able to do my work with ease, and now I sew for my family and for others. I am feeling fine, and strong and well."

Take Cardui! It may be just the medicine you need.
