HOW TO GET BACK THE "JOY OF LIFE"

If you are weak and run down you can hardly drag yourself around. If the rich red blood, full of health and vigor, were pumping through your veins, the joy of life would come back soon enough! Gude's Pepto-Mangan has worked this magic for thousands—it will do the same for you. Take it for a short time and see how your health and strength improve. Your druggist has it—liquid or tablets, as you prefer.

GAINED 20 POUNDS SAYS MRS. CONNER

Shelby Woman Declines She suffered Continually from indigestion but Tanlac Overcame in Completely

The remarkable reconstructive powers of Tanlac are further evidenced in the case of Mrs. R. L. Conner, 510 Live Oak Avenue, Shelby, N. C., who, although now sixty-three years of age, has gained twenty pounds. Mrs. Conner's own statement follows:

"Before I took Tanlac I was so run-down I was almost a wreck. My nerves nearly got me wild and I got so weak I just gave up trying to do anything. The gas on my stomach made my heart beat at a terrible rate and at these times my breath would almost stop. I suffered continually with indigestion and the little sleep I got seemed to do me no good.

"I have taken several bottles of Tanlac now and have gained twenty pounds. All my old friends say I look the best I have in many years and I certainly do feel that way, too. Tanlac is such a grand, good medicine that everybody ought to know about it."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Adv.

Supintendent S. J. Mulvaney, of the Asheville-Salisbury Division of the Southern Railway and J. F. Gaffney, of the Murphy Division, were here Tuesday afternoon and night inspecting the line.

Messrs. W. T. Hunt Jr., T. M. Steider, F. Herbert were among the Hayesville visitors here this week.

Which is the Right Store for You to Trade With?

You wonder—and it's no wonder, for now is the time for all here we all are—packing the papers with prices and prices—all seeking your trade—all promising the world, so to speak.

But here's a tip—we use in our buying—and we haven't any objection to your using it on us.

COMPARE—put your car to every other clothing engine in the city—and if the price of our styles—the plus of our values and the minus of our prices don't sound the sweetest—then eliminate us immediately.

It takes strong courage to talk like this but if you knew this store as we know it—you'd add something to it besides your name.

As the wheels turn so progress is measured

WHEN man invented the wheel he straightened his back and lengthened his stride. Wheels milled his grain. Wheels helped him to lift burdens. Wheels moved him from place to place. But with wheels came friction and the need for lubrication.

Friction holds back; lubrication urges forward. Today millions of motor-cars, trucks, tractors and launches would be dead machines without a lubricant such as Polarine, the "Standard" oil for motor lubrication. Polarine is made from crude petroleum specially selected for its yield of lubricating stock. It lifts the load from delicate bearings, freeing power for the work to be done. Let Polarine protect your investment in automobiles from the attacks of friction.
