## DANGERS OF A COLD

Murphy People Will Do Well to Heed Them.

Many fatal cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood, and back ache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Here is an experience told by a resident of this locality:

Mrs. Chas. C. Bell, 25 Woodrow Ave., Asheville, N. C., says: "My kidneys were always weak and if I over-worked or took cold it settled on them and my back ached as if it would break. I could get no relief day or night. My work was often neglected because I was in such misery. I was hardly ever free from dizzy headaches. My kidneys acted irregularly and my feet and ankles swelled. I used Doan's Kidney Pills and I have never had anything to do me so much good. My back was soon strong and free from pain. The swelling left and my kidneys were regulated."

## Will Undo Much Evil By Dr. V. M. Pierce

Knowing the vast amount of harm wrought by diseases of the kidney, and having had opportunity to observe the analyses and the successful methods of treatment in thousands of cases of kidney trouble at the Invalids' Hotel, I have recently given to the public the latest and perhaps most important of the Dr. Pierce's home remedies, "An-uric" (anti-uric-acid) Tablets, which I now recommend to those who suffer with kidney backache, irregularity of urination and the pains and disturbances that come from excess of uric acid in the blood. "An-uric" can be had now at all the drug stores. The mere drinking of a cup of hot water each morning and a little "An-uric" before every meal should bring remarkably quick improvement. You may have kidney trouble and not know it. The danger signals to be watched for and quickly heeded are backache, depression, aches, pains, heaviness, drowsiness, dizziness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

Severe Pains in Side "I HAD had quite a bad spell and sickness," writes Mrs. Emma Patrick, of Caney, Ky., "and it was an effort for me to go about my home. I had a very severe pain in my left side that almost took my breath at times. I lost my appetite. I grew thin, pale and lifeless. I fell off till I only weighed about 115 pounds. "Cardui was recommended to me and by the time I had taken one bottle I saw it was what I needed. I ate more and rested better. I kept taking it and my skin and flesh took on a more healthy color. I felt stronger and, as the nervousness left me, the pain in my side was less severe. After taking nine bottles, I eat anything, go anywhere and feel fine. I weigh 160 pounds and am well. I feel that I owe it all to having used Cardui." Pain, in certain parts of the body, is a sure indication of female complications. The treatment needed is not the use of narcotic drugs, but—
