CARDUI
THE
WOMAN'S TONIC

Hall's Catarrh Medicine
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which quickly relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 60 Years. F. J. Cheney & Co., Toledo, Ohio.

FARMS USING RADIO NEAR 150,000 MARK

Survey Reveals Its Value in Agriculture—Stations Broadcast Special Farm Information.

The rapidity with which radio has spread in farming communities is revealed by a recent survey made by the United States Department of Agriculture. County agents estimate that there are approximately 40,000 radio sets in 700 counties. This is an average of fifty-seven sets per county. Applying the average to 2,850 agricultural counties, a total of more than 145,000 sets on farms throughout the country is estimated. The survey covers every state in the Union.

Radio broadcasting stations, and there are now about 600 licensed stations in the country, devote part of their programs to the interests of the farmer. WGY, the General Electric Company's station at Schenectady, N. Y., reads daily produce market quotations, weather reports and gives out other information of value to the farmer. During the month of July a special harvest weather report was sent out each noon, and Arlington time signals are broadcast daily at noon.

A new feature of interest to farmers has just been announced by WGY. On the last Monday evening of each month there will be a special talk on farm bureaus and farm information, which will be given from 7:15 to 7:45 o'clock, eastern standard time. This has been arranged in co-operation with the New York State Farm Bureau Federation.

That the farmers appreciate the broadcast reports is daily brought to the attention of the management of WGY through letters. H. A. Williams, living on R. F. D. No. 1, Bethel, Vt., recently wrote as follows: "I beg to advise you that your weather forecasts are valuable to a farmer like myself, as they enable us to govern our harvesting movements more successfully than we could do if we did not have a general idea of weather prospects. Your reports give us from 24 to 36 hours advance information. We appreciate the benefits we receive in this way."

Lynn Brown, a farmer at Roseboom, N. Y., wrote: "We are farmers and greatly enjoy your program. We also like the weather report as it keeps us informed as to the weather for haying. This is especially important when help is scarce and the radio weather report helps out a lot."

FARMING BY MOTOR

Churn Is One of Modern Farm Devices That Has Been Electrified.

When grandma and grandpa started housekeeping on the old farm, young and lusty in years, it didn't seem such a terrible job to churn four or five gallons of cream, working the handle of the churn up and down, with the cream getting stiffer every minute. But as time went on and the multitude

When Electricity Makes the Butter of other farm chores piled up the churning frequently became one more muscle-acher, the prospect of which didn't always bring smiles.

There are farms today where hand churning is never known. Butter is produced in large quantities and in quick time, with unfailing regularity, but no muscles feel any the stiffer for it. The secret lies in the presence of that little black motor that takes care of all the muscle work and never grows tired or feels used up after hours of work.

The electric motor has entirely altered the aspect of this particular chore, as it has also done in the case of many other farm duties, some of them much heavier than that of churning. The electrified farm can take full advantage of this ingenious arrangement, which helps to save time, and thereby make the farm family a family of leisure. And someone has defined leisure as being simply "time to live."

If YOU HAVE
no appetite, indigestion, Wind in Stomach, Sick Headache, "run down," you will find
Tutt's Pills
what you need. They tone the weak stomach, and build up the system.

POSTELL.

Mrs. Jessie Swanson has been on the sick list for several days but is reported to be improving at this writing.

Mr. and Mrs. Doris Voils entertained a large number of men at their new home Saturday. Mrs. Lee Freeman and Mrs. Jane Mason assisted Mrs. Voils in serving refreshments. All report a nice time.

John Mason made a business trip to Farmer Saturday.

There has been several cases of chickenpox among the children in this section.

Half your Living Without Money Cost
