

NURSE CHAPPELLE SAYS TANLAC BRINGS MOST GRATIFYING RESULTS

Nurse With 15 Years' Experience Urges Use Of Tanlac—Tells Of Her Mother's Experience With World's Famous Tonic.

"I have direct and personal knowledge of so many cases where TANLAC has restored health and strength and helped weak, rundown people to get on their feet that I know it to be an unusual medicine," is the emphatic manner in which Mrs. M. E. Chappelle, Blue Mount and Thomas Avenue, Waynesville, Wis., a professional nurse of fifteen years' experience, pays tribute to the famous tonic.

MRS. M. E. CHAPPELLE

"This and more, I have found TANLAC'S use and it always brings the most gratifying results. My own mother, now eighty years old, took TANLAC five years ago, and it has been her steady ever since. Nothing has kept her as TANLAC does and she is as vigorous as I am. Only recently my mother became generally run-down. Her stomach was disordered, her appetite had fallen, her nerves were near having a nervous breakdown. TANLAC gave her a vigorous appetite, corrected all complaints,

and she is not only well and happy but as bright and active that she looks forty. And my mother thinks the TANLAC Vegetable Pills are the greatest tonic she has ever used. I have never seen the results of TANLAC. TANLAC is for sale by all good druggists. Demand no substitute. Price 25c a dozen, bottles sold.

Training School At Baptist Church This Week

A training school for Sunday school teachers and workers is being conducted at the Baptist church this week. Mr. J. N. Barnette, of Dunn, N. C., a representative of the Sunday School Board, being the principal instructor. Mr. Barnette came last Saturday night and got the school under way and stayed until Wednesday, when he left for Andrews, where he expects to conduct a similar school. Mr. Sasser took charge of the school, here on Mr. Barnette's leaving.

One of the main purposes of the school is to train Sunday school teachers and workers so that they can qualify for diplomas for having attained the standard of excellence set up for grade A Sunday schools. This is the third school of the kind that has been held during the past 12 months. Already four hold diplomas. Four more have qualified during the present school and it is expected that there will be still others.

WOLF CREEK.

There was born to Mr. and Mrs. Leonard Verner on Wednesday of last week, a boy.

Miss Mollie Crockett and brother Carl, who have made their home here for us for about a year, have sold their little mountain home and left for some place in Kentucky on Thursday of last week, where they will make their future home.

Mr. Martin Simonds has bought a new Chevrolet car and is having a room added to his home and a new garage built. We are glad to see our citizens prosper.

The light frost of last Wednesday did but little damage, the strawberry seeming to suffer most.

Mr. Lawrence Bell, who is in the employ of the Tennessee Power Co., spent a few days with his mother last week then returned to his job at Rock Island, Tenn.

Some of our farmers have been planting some corn, while others have not planted a grain yet.

The promoters of the Wolf Creek Community School announce that a family will soon arrive from California to take charge of it for the next year. This school is conducted by the Seventh Day Adventists for the benefit of their own children and any children of the community that wish to attend.

The gospel of better farming spreads gradually but surely. Farmers in Duplin who planted grass seed broadcast about the fields by other farmers; one man who built a self-feeder was asked to help build several others and so it goes—the good word given to one man in time goes to others.

"I Never Ate A Better Meal In Any Restaurant!"

THAT'S what patrons are telling L. & N. dining car stewards every day. Nothing breaks the monotony of travel like a good meal, when it is well cooked and appetizingly served.

Cold meats and salads served on chilled plates; hot dishes on those taken from the warming cabinet. From crisp celery or the delicious stuffed mangoes to the demitasse, you will find L. & N. food and service unexcelled on any other railroad, and equalled by few restaurants.

Remember, when you are enjoying a meal on any railroad, that, due to the enormous initial expense (present-day dining cars cost the railroads more than \$50,000 each)—the cost of hauling these big, heavy cars, the expense of stewards, waiters, cooks, linen, silverware, to say nothing of the spoils of unused food—it is costing that road an average of about 4c more than your check will call for, and that this deficit is being absorbed by the railroads in order that you may travel in comfort.
