In Memoriam.

Ely B. Akin, born October 6, 1836, M. M. 1861, died August 18, 1924.

Whereas, It has pleased the Great Architect of the Universe to take from earth to the Celestial Lodge Above, the soul of Brother Eli B. Akin, a member of this lodge and the oldest Mason in Cherokee County:

Therefore, Be it resolved by Montgomery Lodge No. 426, A. F. & A. M. in regular convention assembled:

First, That, while we bow in humble submission to the Will of Providence, this Lodge is filled with grief at the loss of our Eldest Brother, Eli B. Akin, who has so long lived a virtuous life and has been an example to us in Masonry and in good citizenship;

Second, That in the death of Brother Akin, this Lodge has sustained a loss almost irreparable, and each member is deprived of the wise counsel and excellent example of a good man and an upright Mason;

Third, That we extend to the bereaved family of our deceased Brother assurance of our deepest sympathy; that we rejoice with them that they have the memory of a blameless life and the reflection that our good Brother yet lives in the esteem of all who knew him and, as we earnestly believe, is now safe from the cares of life in the Home prepared for the Blest;

Fourth, That a page of our Records be dedicated to the memory of our deceased Brother; and a copy of these Resolutions be sent to the family of the departed one, attested by the seal of this Lodge.

"HERE ARE THOSE ANTI-PAIN PILLS"

Do You Need a Tonic?
Durham, N. Car.—"About fifteen years ago two of my children had whooping cough so badly that afterward their lungs and bronchial tubes were affected from the strenuous coughing. They kept getting weaker and I believe would have had serious pulmonary affection had it not been for Dr. Pierce's Golden Medical Discovery. I gave them several bottles until they were entirely out of danger and well and strong. I would never hesitate in recommending Dr. Pierce's Golden Medical Discovery as a tonic after any prostrating illness, because it brings permanent strength."—Mrs. Josephine Arthur, 409 Toby St.

Don't Throw the Boomerang of Oppressive Legislation at the Railroads

The boomerang is a dangerous weapon to use. It flies back and is likely to hit and damage the thrower.

A vast amount of legislation to "regulate" the railroads is being proposed. Most of it would not only be impracticable in operation but would actually destroy the satisfactory service the railroads are now giving to the public.

Thus, like the boomerang thrown by the untutored Australian native, this legislation would "Return to plague the inventor."

The instigators of this proposed legislation are largely selfish—they don't care if it is "boomerang stuff" to the people. However, a few honest, but unthinking, people have unconsciously been influenced to join in this attack on the railroads—without realizing that whatever hurts the railroads hurts the people as well.

Don't you be a boomeranger. Give a little honest and intelligent thought and study to the railroad situation; and you'll want to help prevent the dangerous, fly-back legislation now being proposed.

Since Jan. 1, 1922 more than one billion dollars has been saved to shippers thru reductions that the railroads have made in freight rates.
