**Pain In Back & Sides**

"FOR A LONG TIME," says Mrs. Dora Payne, of Huntington, Tenn., "I felt listless, tired and worn-out. I did not feel like doing my work, visiting or anything."

"I suffered much pain in my back and sides. My limbs hurt, my knees would tremble without apparent cause and I would have to sit down."

"I was very nervous. I would have a tired, dull headache."

"I had read so much about Cardui I asked my husband to get it for me. The very first bottle seemed to help me. After the second... I was better than I had been in months. I certainly can praise Cardui."

"I have taken three bottles. Now I hardly wait when the sun shines to garden. I am feeling fine."

Similar results to those described above have been reported by thousands of other women. Cardui's 40 years of success should encourage you to give it a thorough trial for the relief of any common female ailments.
