Severe Pains in Side. I HAD had quite a bad spell and sickness, writes Mrs. Emma Patrick, of Caney, Ky., "and it was an effort for me to go about my home. I had a very severe pain in my left side that almost took my breath at times. I lost my appetite. I grew thin, pale and lifeless. I fell off till I only weighed about 115 pounds. "Cardui was recommended to me and by the time I had taken one bottle I saw it was what I needed. I ate more and rested better. I kept taking it and my skin and flesh took on a more healthy color. I felt stronger and, as the nervousness left me, the pain in my side was less severe. After taking nine bottles, I eat anything, go anywhere and feel fine. I weigh 160 pounds and am well. I feel that I owe it all to having used Cardui." Pain, in certain parts of the body, is a sure indication of female complications. The treatment needed is not the use of narcotic drugs, but—

So was This Good Woman Who Tells Her Experience

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that headache, those dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Deann's Pills—a stimulant diuretic. This case is one of many in this locality:

Mrs. Z. V. Barrell, Whitmore St., Brevard, N. C., says: "I had a dull ache across my kidneys and I felt tired out. It was almost impossible for me to straighten after bending and binding, dizzy spells came over me too. I had headaches and nervous spells, too. I used Deann's Pills and in a short time I was feeling like myself again."

WANTED—FAMILIES WITH LARGE HOUSEHOLDS OF CHILDREN WHO NEED AND WANT

FIRST—A better chance to educate their children and make a living. SECOND—An opportunity to become better farmers under a practical teacher of agriculture, in an evening school conducted for adults.

The school has nine good farms in which families are taken for a period of years. These families must be of good material and the kind that will make good neighbors and citizens of a community.

The school is especially interested in the descendants of early settlers of original stock who need and want to earn and save enough money to purchase their own home in the mountain country.

7 Records Broken By American Railroads. That American railroads are now performing their tasks with greater efficiency than at any other period in their history, is indicated by the fact that in 1924 seven transportation records were broken. 1—In one week 1,112,245 cars were loaded with revenue freight—exceeding by 14,852 cars, the best previous record. 2—In October, 72,474 cars of grain and grain products were moved in a single week—1,340 more than the previous record. 3—The week of October 11th, loadings of merchandise and less-than-carload freight totaled 236,617 cars—the highest record for any one week ever reported. 4—The week of October 25th, 422,200 cars of miscellaneous freight were loaded and moved—a new high record for any one week. 5—On Wednesday, October 15th, the railroads moved 1,000,211 freight cars loaded and empty—the greatest movement for one day in history. 6—High record in respect to number of surplus freight cars and serviceable locomotives in storage, when loadings of revenue freight were in excess of one million cars a week. At the same time there was no car shortage or congestion due to railroad disability. 7—From January 1st, to October 25th, 31,707,759 cars were loaded with all commodities—excluding coal, coke and ore.
