RAISING TOMATOES FOR PROFIT

In another column of this issue, the Scout carries a story on tomatoes that every farmer in Cherokee, Clay and Graham counties should read and think about.

The results of the accomplishment of Mr. Norvell merit passing on to the farmers for their information. Last year an attempt was made to organize a tomato cannery in this section, but because too many of the farmers thought they could not grow tomatoes to advantage, the effort failed.

It is hoped that Mr. Norvell's accomplishment will provoke the farmers to think upon the subject. The farming lands in the section around Madisonville in East Tennessee are no better than the farming lands of Cherokee, Clay and Graham.

Why can't the same be done in Western North Carolina?

IMPORTANT HIGHWAY

Some day in the no distant future Henderson county and all other counties traversed by Highway No. 28 will reap a golden harvest, hence news of progress of this route is timely.

The Franklin Press is authority for the statement from Highway Commissioner Stikeleather that convicts will be placed on No. 28 between Franklin and Highlands and

Franklin and the Clay county line at an early date.

Macon and Clay counties have provided means for building this road, Jackson county has taken over an old turnpike and will provide a fairly good highway.

When this road is placed in good condition it will be a wonderful feeder for Henderson county, drawing heavily from Georgia travel as well as providing a good scenic journey with a swing around the circle over 28 to Hendersonville on to Chimney Rock, Asheville and there taking No. 10 to Murphy.

No greater outing for scenery is to be found in eastern America—Hendersonville News.

RESOLUTION OF RESPECT

As the days swiftly come and go we are called upon from time to time to give up our most valued friends and co-workers.

Brother A. H. Davidson was born March 15th, 1835 and died September, 27th, 1925.

In the presence of a large gathering of grief stricken friends, the remains of Brother A. H. Davidson were laid to rest in the Fairview Cemetery. The funeral services were in charge of the Master Masons.

Be it resolved: First, that we bow in humble submission to the will of Him who is "too wise to err and too good to be unkind" and while we mourn his removal, we pray for grace sufficient to ennoble us to continue the work he loved and to which he gave so much of his life.

Second, that we bear loving remembrance that he was loyal to the Masonic Fraternity of which he has been a member for forty years of which he was loyal to their principles of Free Masonry a devoted Christian a man of high integrity and inestimable worth to the community; modest, unassuming, friendly and helpful to all.

Third, that in his death Montgomery Lodge 426 A. F. & A. M. has lost one of its most faithful, efficient and loyal members, his friends a loyal supporter and the state an excellent citizen.

Fourth, that we extend to his family and friends our heartfelt sympathy in their bereavement and share in their sorrow for his loss.

Fifth, that a copy of these resolutions be spread upon the records of Montgomery Lodge 426 A. F. & A. M., a copy to be published in the Cherokee Scout, and a copy be sent to his family.

L. W. SHIELDS, Chairman G. M. EVANS S. S. AKIN Committee

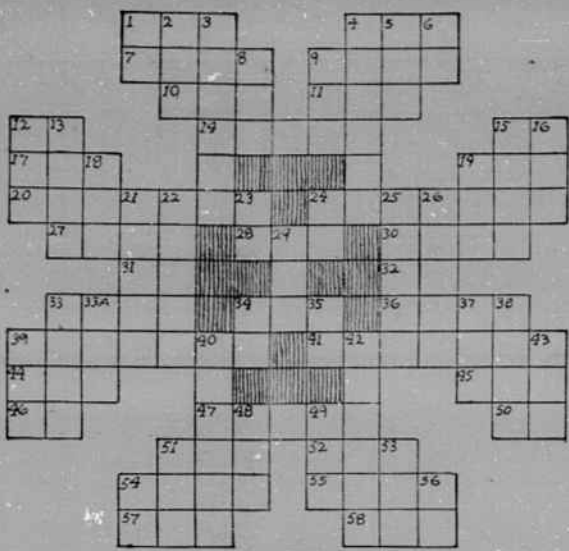

IN MEMORY A. H. DAVIDSON

With sadness and regret we report the death of Mr. A. H. Davidson. It was on September 27th that the death angel came and took from our midst our beloved friend. Mr. Davidson had been in bad health for more than two years and many times he said that he was just waiting to go to that home that is not made with hands.

He was a faithful member of the Methodist Church of which he will be greatly missed. He was ever ready to lend a helping hand to those in need. Mr. Davidson was a devoted father and affectionate husband. As a citizen he was one of the most highly respected. We realize our loss but feel that God had need of his service and called him to his heavenly home.

The funeral services were conducted by Rev. T. L. Noble after which the remains were laid to rest by the Masonic order of which he was a faithful member. Weep not, it is all in vain, Sunshine still must follow rain; I am gone before your face

UNDEMOCRATIC UNREPUBLICAN UN-AMERICAN

Congressman Lozier, Democratic member from Missouri, in a recent statement on tax exemption, said: "The policy of exempting any securities from their proportion of the tax burden is undemocratic, un-republican, un-American and a vicious form of governmental favoritism. It tends to create a privileged class, which is antagonistic to the basic principles on which our government is founded. It strikes viciously at our progressive income tax system in that it permits a comparatively few individuals with large incomes to escape their quota of taxes, and correspondingly increases the burdens of those who have moderate incomes."

Cramped and Suffered. My back and head would ache, and I had to go to bed, says Mrs. W. L. Ennis, of Northville, Ky. "I just could not stay up, for I would cramp and suffer so. I was very nervous. My children would get on my nerves. It wasn't a pleasure for me to try to go anywhere, I felt so bad. My mother had taken CARDUI For Female Troubles at one time, so she insisted that I try it. I took four bottles of Cardui, and if one should see me now they wouldn't think I had ever been sick. I have gained twenty pounds, and my cheeks are rosy. I feel just fine. I am regular and haven't the pain. "Life is a pleasure. I can do my work with ease. I give Cardui the praise." Cardui has relieved many thousands of cases of pain and female trouble, and should help you, too. Take Cardui. At All Druggists.

The Mainstay of Business in Good Times or Bad. The steam transportation lines of the United States deliver the goods in fair weather or foul, under good business conditions and in seasons of less activity. Where the merchant or jobber buys in small quantities necessitating frequent shipments (a condition prevailing largely in times of dull business), the railroads make it possible for business to continue and the public to be served. In times when merchandise is moving fast and business booming, peak loads of freight are transported without delay. Just now the great trunk lines of the Nation are handling the greatest volume of freight in their history. The total carloading for the 36 weeks ending with September 5th amounted to 34,652,418 cars, an increase of 6.7% as compared with last year, and of 2% as compared with 1923. In the same 36 weeks, the L. & N. handled over 1,270,000 cars of freight, or an increase over 1924 of 8.3%. Ask any shipper if they are doing the job efficiently.
