Why He Succeeded

From hard work on a farm to the study of medicine in Cincinnati, where he was graduated in 1862, was the course which Dr. R. V. Pierce took. In his younger days he practiced medicine over a large district. It was then the new oil fields near Titusville, Pa. Finally he determined to put up some of his prescriptions in ready-to-use form in order to reach a larger number of families. He thus early moved to Buffalo, N. Y., and established the World's Dispensary, where he put up Dr. Pierce's Golden Medical Discovery for the blood as well as the Favorite Prescription for women, carefully preparing them from roots, herbs and berries and placed them with druggists everywhere. During the last sixty years Dr. Pierce's Discovery, for the blood, has been sold in larger quantities by druggists all over the United States than any other medicine. It is a tonic in its effects on the stomach and digestive apparatus; an alterative in its action on the blood, liver and bile. It increases the appetite, stimulates the digestion, enriches the blood, and makes both men and women feel as they did when they were young and care free. Ask your nearest druggist for Doctor Pierce's Discovery in tablet or liquid form, or send 10c for trial pkg. of tablets to Dr. Pierce's Clinic, in Buffalo, N. Y.

Mountain. The cabin is made of logs and has a rustic appearance on the outside, but is modern and up-to-date in every way on the inside. La Cabana is the name they have selected for it.
