MARBLE

We are sorry indeed, to hear that Mrs. Maggie Palmer lingers since coming home from the hospital. Her friends say, tho, that she is improving.

Mrs. Robinson sent her furniture to Murphy by wagons one day last week for shipment to Atlanta. The family entrained Tuesday. We are sorry to lose the Robinsons. They are good citizens: good people to have in the community.

Mr. Mansfield Bryson has moved to Andrews to take work with the highway upkeep force.

Rev. Mr. Rendolph of Bryson City, and Pastor, L. P. Smith of Andrews, were callers on Rev. Smith a few days ago. Mr. Smith says they are fine brothers. We say, Amen.

We understand that the late Recorders Court did a plenty for Tally Trull. We are sorry for Tally: sorry for his poor children—more sorry for his devoted sister, who loves her erring brother and sticks to him through every difficulty. This correspondent knows the sister: a good woman, noble and true. More is the pity when the innocent have to suffer for the guilty. Later: We are told that court allows Tally to pay cost, and peretually banishes him from the state; requiring him to take his children. This, we think is better, both for the County and for Tally.

Mr. Melvin Barnes is installed in the mill. We rejoice that he is doing well.

Mrs. Ivy Sanderson, of Hayesville, accompanied by some Andrews ladies was shopping in Marble one day last week.

Still Marble Magistrates are hearing slander charges, and binding to Court, or committing to jail. Truly, "The way of the Transgressor is hard", and "Be sure your sins will find you out." But, Mr. Editor: your correspondent is sorry for the erring, man.

Thanks that we can report that Mrs. Ben Mintz, who has been quite sick much better.

Judge Thad Bryson was at Marble the afternoon of the 11th, in behalf of the promoted Smoky Mountain Park. He made it look prospective, like "Eldorado Land" for the people of our mountains. Maybe so. Some Marbleites subscribed some didn't. Mr. Editor, your correspondent may be an old fogey, but he is not an obstructionist. Still, he finds it difficult to get away from Mr. Robertson's idea as he published it in the Scout a few weeks ago.

Paul Mulvey arrived one day this week from Detroit to spend the year-end with his parents. Paul says he made money; but he spent money. If our young people would only learn to make and to save, they would be leaving foundations to build fortunes on.

There's nothing like being prepared: ask the next ragged urchin you see to be sure to save you a job when he becomes president.

Penetrates Through the Skin Clear to the Bone. Liniment Called Mexican Mustang has Strange Power.

A lame back, a strained muscle or aching joints will stop aching and become limber and natural if you will apply a little of that old-fashioned liniment known as Mexican Mustang. Druggists and other authorities agree that its great power to relieve pain is due to its magical penetrating action—it goes through the outer layers of the skin without burning or a trace of blister, right to the sore spot. It is not like the smarting, stinging, burning mixtures usually known as liniments. No matter if all other outside applications have failed, you will not be disappointed with Mexican Mustang Liniment—it also heals cuts, burns and sores and so makes a valuable remedy to have in the home at all times. All druggists and wholesalers sell Mustang Liniment or can get it for you.

School officials announced this week the receipt of a clock for the domestic science department from the Calumet Baking Powder Company. This clock was secured through the efforts of Mr. W. M. Fain, of the W. M. Fain Grocery Company. It is a handsome clock and will save the school the expense of purchasing one. In announcing this gift, Mr. Sipe expressed appreciation for the gift and for Mr Fain's efforts in securing it.
