

The **ORANGE** gas
at the sign of the **ORANGE DISC**

Stops carbon knocks

LT gives us great pleasure to announce NO-NOX our new Motor Fuel. NO-NOX is the product of many months of exhaustive scientific and chemical research by a staff of our own skilled chemists, infinite care being given to all details to insure the absolute perfection of NO-NOX Motor Fuel. Strenuous nights and days were spent in our thoroughly equipped laboratories by these scientists before NO-NOX Motor Fuel was perfected. Hard grilling road tests followed to develop any weakness overlooked in the laboratory, and we are now ready to offer the most efficient anti-knock fuel in the world.

Manufactured in one refinery under the same skillful supervision and from the same grades of crude, it is continuously uniform which means much in carburetion. When the carburetor is once properly adjusted it requires no further

change—care should be taken to see that the mixture is not too rich as NO-NOX works best with a thin mixture, thus insuring economy. With NO-NOX, perfect combustion takes place at just the right position of the piston head which entirely does away with carbon knocks or motor detonation—promoting greater efficiency of the engine, smoother operation of the car on the road, in traffic, and especially on heavy grades.

This wonderfully efficient gas is *guaranteed* to be *Non-Noxious, Non-Poisonous* and no more harmful to man or motor than ordinary gasoline.

NO-NOX is priced only three cents per gallon higher than *That Good Gulf Gasoline*.

Drive to the nearest Gulf Service Station and try it out. It is readily distinguished by its color.

MARBLE

Mrs. John F. Palmer was again taken—the first of last week—to Bryson City hospital for treatment. We hear that the Doctor said they could cure her if she remained a long enough time.

We do indeed sorrow on account of Mr. Frank Dickey's untimely death; of which we are so very sorry. Our deepest sympathy goes out to his noble, most gracious mother, whom we have always felt flattered to know, and to enjoy her friendship.

Dr. Arthur Lovingood, Gilmer County, Ga., last week visited his brother, Mr. Noah Lovingood.

Pastor L. P. Smith, Andrews, paid Rev. A. B. Smith (sick with cold) a short visit last Friday morning. He returned in the afternoon, accompanied by Rev. R. L. Randolph, now of Cullowhee. (26th)

We are sorry to report Mrs. Culberson's continued serious illness.

Mr. Richard Newman, Copper Hill, Hill, spent the week-end visiting his parents, Mr. and Mrs. Agnew Newman, and his brother Ross.

Motorist were enjoying themselves in "flunks" on No. 10 concrete highway last Saturday afternoon.

Our excellent postmistress, Mrs. Thelma Jackson, was forced by cold to lay off a few days. Such a large number of our people have cold. Preacher Smith has been closely confined for some two weeks with it.

Mr. J. A. (Ose) Powell is spending a week or ten days with friends in Andrews. Ose is right feeble, too; the marks old age leaves on us all—if we live long enough.

Well, "Our Bob" Reynolds is out to beat Mr. Overmon for the senate, and Felix Alley is going to try to beat Mr. Zeb Weaver, and Mr. ... on another party ticket, going to try to beat them both. For many days the lady where we live has been trying to get somebody to buy her a new broom because, she says, the old broom worn out. But we hear the boss of that house say he likes the old broom pretty well. "And them's our politics." There are so many organizations and leagues and folks as folks trying to beat old Brother Vestead and to do something "funny" to prohibition, we are going to stand those new aspiring gentlemen up beside the old brooms and "criticize them suspiciously" before we're in the primary.

"Trouble Bout Dat 'Light' Wine Ain' Beer, 'En Hit's 'Light' Hit Sho' Beer!"—Hambone.

Certain preachers, educators, andators, congressmen and congressmen, from New York, New Jersey and New England, are trying the best to destroy our constitution and laws so far as they relate to prohibition. They are charging George Washington with being a wine-bibber, to the discredit with drinking, trying to destroy faith in Christ to the discredit of 19th amendment. When U. S. Congressmen to trying to undermine the constitution of the U. S. it is time for Sam to round up Communist Booth, head of the Salvation Army is perhaps the best world authority on prohibition. She says these people are the men and women high up, who don't have to work for bootleg money; she says "Them's the noisy clatter of botleg party."

What about that New Jersey Congress-woman who has ganged with the bootleg element till she can't that prohibition is making drug addicts and law violators out of school children? Well, the wise man said, "Wine is a mocker and strong drink is ranging."

Let every Church, lodge, big-school in Cherokee get busy now, and Supt. C. A. Upchurch that letter your congressman, as he asked last week's Scout.

Let us show those whiskey mongers and New Jersey senators a woman congressman that we southern people are prohibitionists that we respect the law and our country, and love our children.

Let every Church, lodge, big-school try to educate them for God and country.

CASTORIA
For Infants and Children
In Use For Over 30 Years
