

MARBLE

Mr. John Lance's four year old little boy—handling matches—caught on fire Thursday the 19th, and was badly burned. So many children play with matches the wonder is there are not more fire accidents. Friday morning—12th, a cold snow on the ground and falling John, his wife, two other children, started to Atlanta with the burned child to have it treated there. The family left Marble Friday morning—in the cold and in the snow—in time to catch the 4:10 a. m. L. & N. train for Atlanta. If the burned child gets pneumonia—too sad to contemplate?

Everett Robinson has moved into the Robinson house vacated by John Lance

Mr. J. White Wilson died the 11th of pneumonia. White had been feeble a long time. But he was a man of much industry and economy, and expected himself to hard work in all sorts of bad weather, which brought on his death. Mr. White spent his life in this and other places and amassed much hard-earned money. Besides other property, Mr. White was a quiet, unassuming man, and what is generally termed a good citizen. But he made no impression on the educational nor church life of his community, not doing anything for advancement, etc. "For what shall it profit a man if he gains the whole world and lose his own life? Mr. White was a church member, though, and expressed himself as having hope of life in the Lord. He that believeth on the Son hath life."

Mrs. Bessie Wilson—who had a limb removed at the Murphy hospital, died the 15th. Mrs. Raleigh Wilson was taken the 17th to the Morganton insane hospital. She leaves her husband and four children alone.

The Marble school closed out last week, with two evening entertainments.

Mr. Lee Horn, who has just finished his new house, announces the birth of a new baby. He has not occupied the new house.

Mrs. Myrtle Trull, Peacree, who is taking the high school, Andrews, came to the Marble school entertainments, and spent the week-end with Miss Johnson.

Mrs. Tina J. (Jose) Wilson, living on Elm Creek, died Saturday afternoon, the 20th, after suffering with "flu" which terminated in pneumonia. She was buried in the Peachtree cemetery Sunday afternoon, services conducted by her pastor, Rev. Mrs. West. Mr. Wilson himself—who is blind, is suffering with flu, and is quite feeble.

Mrs. Dick Wilson has recovered from an attack of flu.

Mr. Doc Jenkins and entire family, who have been very sick with colds, are pleased to report much better.

Mrs. Catherine has been—and is still—very sick.

Mr. Stone—an old man and almost a stranger here, died very suddenly at the home of Mr. Sam Palmer, last Saturday afternoon—in the Maltby settlement.

Mr. Doc Cragg, Maltby, cut his leg some time ago. Blood poison set up, and, we hear, that the poor man is now crazy.

We were so sorry to hear of the death of Mr. J. Q. Barker in Jacksonville some weeks ago. Mr. Barker lived at Andrews many years. He was a great promoter; a builder up of industries, of business, of schools, of churches and a very liberal man. Mr. J. Q. Barker was indeed a good man. His place may never be filled.

This whole country will miss him. Peace be to his Ashes; and I shall be so, for he was a faithful follower of the Lord Jesus.

The fight of the wet against the dry is now on in congress in downright earnest. The wet congressmen, backed by a wet moneyed constituency, are striving to get through congress some measure of measures that will modify the Volstead law, and weaken prohibition, and also to cut off appropriations for the dry law's enforcement, thus they hope to render the dry law non-enforceable and odious. The whiskey people throughout the country—women as well as men, and there are lots of wet women (the three women congress members are wet)—support their congress member and senator; they write them what they want—whiskey and more of it; they make a great wet fuss; they are busy on the wet side. This is not a party matter. It is a question of prohibition and saloons of law enforcement and no law enforcement. If you are a prohibitionist, if you want our laws no worse than they are; if do not want the country flooded with liquor, you better get busy and write your congressmen, both senators just what you want until they do all in their power to defeat every effort to modify the whiskey laws. Send your letters to Supl. C. A. Ueharsh, Raleigh, N. C., and he will know just what to do with them. Don't delay. A postponement may be death to the Volstead act. Write today. Senator Edwards, democrat, New Jersey is bringing all sorts of gross information, charges of connections and immorality against prohibition.

Pastor Woodward was unable to fill his appointment at Marble last Saturday and Sunday on account of the illness of Mrs. Woodward. Our local preacher, Mr. Smith, preached for him Sunday morning, and the people seemed greatly pleased with Mr. Smith's sermon.

Night Coughing Relieved At Once

Why suffer continually from a persistent, weakening night cough when you can get almost instant relief, and usually break the cough completely in 24 hours by a new method based on the famous Dr. King's New Discovery?  
Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing. As a result even the worst cough usually disappears quickly.  
Dr. King's New Discovery is for coughs, colds, bronchitis, spasmodic asthma, and flu for children, young men, and women. Very economical. It is the only one really successful. At all drug stores. Ask for
