Hensley, deceased, late of Cherokee County, North Carolina, this is to notify all persons having claims against the estate of the said deceased to exhibit them to the undersigned on or before the 6th day of May 1927 or this notice will be pleaded in bar of

Cutter Retained As Band Leader By Brevard

The following article, taken from the Brevard News, will be of interest to Prof. Cutter's friends here:
As a fitting climax to Music Week which was observed in Brevard last week, comes the announcement that Mr. F. J. Cutter, prominent musician of Brevard, will be retained as leader of the Brevard Band. For the past three years Mr. Cutter has been instructor of band instruments in this section and his ability as tutor organizer and leader is recognized by those who have had occasion to be in contact with him and his work. Mr. Cutter's experience in band work has

been varied and covers a long period of years. His qualifications in his profession have enabled him to produce an organization which would be a credit to a city much larger than Brevard. Taking such raw material as is usually found in the smaller cities, mostly among boys, and adding those who had some training in music, he discovered talent and soon had an organization that attracted the attention of those who sponsored a permanent band for the town.

Last year on many occasions the band gave concerts which were enjoyed by visitors and residents alike and the band's popularity increased with each entertainment. All during the winter months the teaching was continued and much time was given to concert practice with the result that a most creditable twenty-two piece band is now at the service of the public and for private functions.

To the Board of Aldermen, the Chamber of Commerce and the Kiwanis Club is due the credit of the arrangements for retaining Mr. Cutter as the band leader. The Aldermen are paying a substantial portion of the leader's salary for three months and the civic organizations have undertaken to raise the balance, so that Brevard is assured one of the most entertaining forms of public amusement during the coming season. Open air concerts will begin on June 15 and a program of two evenings each week will continue through the summer to September 15, on Thursday and Friday evenings.

Mr. Cutter says that in addition to the regular scheduled concerts, he is willing to have the services of the band available for public occasions, without additional cost and asks that sufficient notice be given him to permit arrangements with sufficient men to make a creditable showing for the band.

EXECUTORS NOTICE

NO-NOX

MOTOR FUEL

STOPS KNOCKS

Turns Mountains into Mole hills

FOR years the carbon knocks, clicks, pings or detonation in automobile engines have been a menace to motor efficiency and a sore spot to the motorist. GULF No-Nox Motor Fuel has turned the old time carbon bugaboo into an asset, in fact it has put carbon to work.

No-Nox and Carbon are Power Twins

Compression is power—Carbon adds compression—No-Nox withstands compression and the combination gives wonderful motor efficiency.

GULF No-Nox Motor Fuel not only withstands the high compression of the modern automobile engine—but also the added higher compression caused by carbon deposits on the walls and piston head which increases with the age of the car,—clicks and knocks are eliminated—greater efficiency is accomplished—followed by more power and greater mileage.

This Guarantee goes with it

GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline—that it contains no dope of any kind—that the color is for identification only—and will not heat in summer driving.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than ordinary gasoline—and is worth it.
