Big Help to Yankees

First Baseman Gehrig has been of great assistance to Manager Miller Huggins in landing the Yankees on top in the American league pennant race. Not only is he a clever fielder, but he is also a mighty hard hitter.

THERE IS NO SATURATION POINT FOR HONEST VALUE

Build a product that the world needs, better than the world expects, and mounting sales will answer those who are constantly predicting a saturated market.

During the first six months of this year, for instance, Dodge Brothers sold 207,115 motor cars and trucks. This represents a gain of 49.3 per cent over the first six months of 1925, and continues Dodge Brothers in the enviable position of **THIRD IN THE INDUSTRY.**

For the three weeks ending July 17th, 23,862 motor cars and trucks were delivered to customers—an increase of 62.4 per cent over the same period last year, and impressive evidence that Dodge Brothers great sales gain is continuing through the quiet weeks of mid-summer.

There may be a saturation point for mediocrity, but honest value will always command a great and ever expanding market.
