

Mushrooms Came from France

The Italian Brought Spaghetti

Chop Suey Came from China

Hot Tomates from Mexico

The American Housewife Finds All These Foods in cans

Cosmopolitan Dishes for the Connoisseur

WHEN friend husband or perhaps a critical family have had too much routine in their meals, the housewife can give them a welcome change by serving an occasional meal of foreign origin. In the way as the United States more truly a melting pot than in its response diet, for into the cooking pots of the country go the favorite dishes of all the nations. Odd dishes are no puzzle to the housewife who buys them in cans. With the help of prepared foods she can serve an Italian, French, Chinese or Mexican dinner that will be as delicious as a novel.

One may serve French dinners of limited variety with the help of canned foods. For French cooks have concentrated extensively in the canners' lists and the canners have supplied materials which may be combined into French dishes. In addition to those already combined before canning, the completeness with which we have taken over French cooking methods is illustrated by the words found in English dictionaries, such as bouillabaisse, ratatouille, soufflé, braisé, mayonnaise, meringue. Many involved French methods are made easy by the use of canned foods.

A French dinner that will be most easily prepared draws on canned soups for bouillabaisse, ratatouille, or soup as a first course. A mushroom omelette, creamed mushrooms, or chicken

à la king may follow. Though all the world raises and eats mushrooms, the methods of canning them as well as their many uses are credited to French cooks, who use them extensively. Omelettes are a French invention and so are creamed dishes. Another good French dish which may be used as a meat substitute is a cheese fondue made of canned tomatoes or tomato soup and American cheese, which also comes in cans. A typical French dessert is fruit and cheese for which the housewife can call on her reserve shelf of canned foods.

Spaghetti is the principal element of an Italian dinner, combining well with almost any other food for a good menu. It comes in cans prepared in Italian style with tomato and cheese and also with tomato alone. Minestrone, really vegetable soup, comes first, or if the dinner is a bit elaborate, hot d'oeuvres of sardines, pimiento, olives, all to be obtained in cans, also salami, pickled beets, give the real Italian touch. A salad and coffee follow all other courses.

When one mentions a Chinese dinner, the name chop suey jumps to mind immediately. About this one dish the dinner may be built and no matter what the innovations the chop suey preserves the Chinese identity of the meal. It comes in cans and needs only reheating. Noodle soup, which

may be made by adding noodles to creamed consommé, is a Chinese dish and boiled rice is the inevitable supplement to the chop suey. Canned pineapple and Chinese tea, weak and clear, complete the meal.

Something altogether different may be secured for a dinner by consulting the Mexican dishes supplied by the canners. Tamales and chili con carne, both highly flavored, are obtained already cooked and like chop suey need only to be reheated. Chili con carne is an excellent way to introduce the family to red kidney beans which are high in food value. Both these dishes are hearty, need no meat served with them, and the supplementary dishes should be a salad or fruit and coffee. Mexicans drink their coffee black and very strong.

Many more suggestions for variety in meals may be obtained from the foreign dishes prepared by canners. Of German dishes their main selection is sauerkraut. There is Hungarian goulash, Russian caviar, Scotch fisherman haddie, Newfoundland codfish cakes, English plum pudding, California figs, foods from all over the world, from all the nations whose representatives make up the American commonwealth. The nation they have slowly pushed aside, the American Indians, have left with the canners a food legacy of great value, succotash, first prepared by Indian squaws.

SPENDS MILLIONS TO MAKE A 5c DRINK PURE

Coca-Cola Company Has Huge Investment in Equipment and Machinery to Safeguard Quality

Next to breathing, scientists tell us, our most important function for the preservation of life and health is drinking. Such a large percentage of our bodies is made up of moisture that there is constant need of replacing the moisture, and nature's signal to us is thirst. Coca-Cola's immense popularity is due to the fact that it is so refreshing and that it quenches thirst so pleasantly.

"Coca-Cola is no simple thing to produce," says C. K. Hoover, manager of the Coca-Cola Bottling Company, Murphy, N. C. "Neither is the public health a thing to be played with. A drink numbering so many millions of friends must be made pure and kept pure with every possible safeguard surrounding its preparation and distribution.

"Millions of dollars have been spent on Coca-Cola plants, equipment and methods for this very purpose. Each ingredient is scientifically tested for purity and strength before it is used. Twenty-one separate tests of this sort are made covering every step in the process of manufacture of the syrup, shipment, carbonation and bottling. The contents of every bottle of Coca-Cola are untouched by hand and every bottle is scientifically sterilized before filling, so that you may get Coca-Cola at its best, wherever and whenever you ask for it."—Adv.

North Carolina, Cherokee County, Sylva Collegiate Institute, Plaintiff, vs J. E. Taylor, Defendant. In General County Court. NOTICE OF SERVICE OF SUMMONS BY PUBLICATION The State of North Carolina, to J. E. Taylor—Greeting: The above named defendant, J. E. Taylor, is hereby notified that summons and warrant of attachment have heretofore been issued and returned in the above entitled cause, and all the right, title and interest of the said J. E. Taylor in and to that piece or parcel of land conveyed by deed from T. J. Hill and wife, Hattie Hill,

Truitt and McConnell At Franklin Aug. 6th.

The following letter has been received and is published for the benefit of those in this section who desire to attend this great meeting at Franklin.

Dear Friends: The Truitt-McConnell Meeting is to be held this year at Franklin, N. C. August 6th to August 15th inclusive. The first service will begin at 11 A. M., Eastern time, Friday, August 6th.

The great tabernacle that was used last year still stands and will be ready to accommodate the throngs. Mr. and Mrs. Chas. Jolly will have charge of the music.

Condition of roads leading to Franklin is very good. Highway No. 286, Bryson City to Franklin, is now in good condition. Highway No. 285, Dilshoro to Franklin, is now concrete all the way. Both highways connect with Highway No. 10 to Asheville and all points East. The Highway through Georgia to Franklin is in excellent condition save for a few short detours between Tallulah Falls and North Carolina State line. From State line to Franklin 14 miles of new concrete.

Fifteen hotels and boarding houses offer approximately 200 rooms at reasonable prices. To this is to be added entertainment in private homes. Many excellent camping sites are available and it is hoped that many will come prepared to camp during the meeting.

Mr. Fred Higdon is chairman of committee on reservations and a letter to him will receive his prompt attention.

GEO. C. STEED, Pastor, A. J. SMITH, Manager.

to said J. E. Taylor, dated May 29th, 1923, and recorded in the office of the Register of Deeds of Cherokee County, North Carolina, in Book No. 87, at page 11, has been attached for a debt of \$421.58, with interest, due plaintiff from defendant. And the said J. E. Taylor is further notified to be and appear before the Judge of the General County Court of Cherokee County, North Carolina, on Monday, September 6th, 1926, and answer or demur to the complaint of plaintiff, or plaintiff will apply to the Court for the relief demanded in the complaint.

E. E. DAVIS, Clerk, General County Court. (62-41-c)

All addresses will be limited to five and ten minutes, in order that the full program may be covered at the one afternoon session and without wearying the audience.

The committees on arrangement as announced by Mayor Hill follow: Picnic and refreshments: Mrs. E. B. Norvell, Mrs. W. M. Axley, Mrs. R. C. Mattox, Mrs. S. D. Akin, Mrs. L. E. Bayless and Miss Josephine Heighway

Cool, Cut-out Linen Enters Summer Modes

Everywhere the two-piece dress is flourishing like the green bay tree and designers are thinking up new ways of varying this popular mode. Their latest achievement appears in new fabric combinations and some charming late summer frocks show printed silk in the company of cut-out linen, with very alluring results. An example is pictured consisting of a frock of printed silk banded at the bottom and at the top of the platts in the skirt with plain silk. Over this there is a long jacket of cut-out linen with a band of printed silk as a finish at the bottom. The same silk is used in a belt across the bust and, in combination with the skirt silk, for collar and cuffs. Many novel and pretty jackets to be worn with separate skirts have come to the fore in sports and tailored frocks. Twill, serge, flannel or kasha are the materials most popular for jackets.

Finances: W. P. Odum, Advertising and Publicity; Don Witherspoon. Barbecue: E. B. Norvell. Grounds and Parking: F. P. Hawkins, W. D. Townson, J. W. Davidson. Reception: M. W. Bell, D. Witherspoon, R. S. Parker, C. W. Savage, Dr. J. N. Hill, E. A. Davidson, W. P. Payne, J. B. Storey, W. M. Axley, Mrs. M. W. Bell, Mrs. J. H. Dillard, Mrs. Ralph Moody, Mrs. R. S. Parker, Mrs. J. W. Davidson, Mrs. J. H. McCall, Mrs. Gene Holcomb. Executive Committee: Mrs. E. B. Norvell, W. P. Odum, D. Witherspoon, E. B. Norvell, E. P. Hawkins, and F. S. Hill.

Andrews Locals

D. H. Tillitt made a trip to Sylva on last Sunday afternoon.

Mr. Tom Cover, of Philadelphia, was in Andrews for the week-end visiting his relatives.

Miss Francis Cover and William Cover gave a dance at Junaluska Terrace on last Saturday night. A nine piece orchestra from Asheville furnished the music. During the dance punch was served and afterward cake and ice cream. All present enjoyed the dance and social side of the evening very much and voted Miss Cover and Mr. Cover charming hostess and host.

Mr. T. M. Worthey left Andrews last Sunday for Asheville on a business trip.

Mr. and Mrs. C. R. Tarkington have been in Asheville for several days this week.

Rev. W. H. Ford and wife and sons returned Saturday night from Georgia where Rev. Ford conducted a revival meeting. Mr. Ford reports that they are having plenty of rain in Georgia.

W. T. Holland spent Monday and Tuesday of this week in Murphy meeting of the Board of County Commissioners where he was in attendance at the Commissioners.

Mr. Percy B. Ferebee made a business trip to Bryson City on Monday of this week.

Mr. and Mrs. J. B. Phelps and Mr. and Mrs. R. A. Dewar and Mrs. Humber and Mr. D. H. Tillitt were visitors in Murphy on Monday of this week.

In this age of efficiency it is what you say, but how little, the counts.
