**IMITATIONS HAVE** SHORT LIVES: FIGURES SHOW

One Pure Drink of Natural Flavor Steadily Gains in Favor-Substitutes Fail.

A recent investigation of the soft drink business revealed that there have been 3,123 different kinds of soft drinks registered by name in in the United States, since 1900. Many more have been put on the market unregistered. Hundreds of them were attempted imitations of Co Cola. The average person would have trouble remembering the names of a dozen of them.

"Coca-Cola has lived and gained

BUT LISTEN MOM

IT WAS ALL RIGHT

THE CHEROKEE SCOUT, MURPHY, N. C.

The old system of grazing a few cattle, growing a little grain and hay is not furnishing the proper income for meeting the obligations of the While the farmers of this section. While the milking of cows is not entirely new, milking cows for a commercial real pose of at Franklin, North Carolina should their rue and the source of the feed grown and the kind will afford a market for much of the futter fat that has been going into farm butter. It much source of the farmer is accustomed to farm butter. It much source of the farmer is accustomed to farm butter fat that has been going into farm butter. milking cows for a commercial pur-

toreed to do so. There are many sections of the south that should be milking cows for are other than feed crops grown and labor conditions are such that it is felt the handling of extra cows would not be profitable. The practice of milking cows even in those sections is proving profitable towseer the one crop system practiced has remained herd. crop system practiced has remained a barrier to the industry up until the foture for the dairy industry. If the farmers of this territory had

been accustomed to the growing of cotton and tobacco, it no doubt would have been much harder to have built up the interest that is now found in the dairy industry in this section.

In going into this new industry, the question; what is going to hap pen? farmers may be asking them hap
