THE DREAMER

By Anne Lovick in Charlotte Observer

Oh, yes they call you a dreamer, But I like the name, don't you? For dreams make the world grow better. When you've courage to carry them through. Columbus and Edison and Darwin And many another too. Had dreams of achievement and service, And work made their dreams come true. Your dream is the seed for the sowing. Will you not plant it today In a garden of faith and of labor? The harvest will surely repay. The man with a dream is a hero. If in spite of the cynic's disdain He still works on and is faithful, Nor listens to those who complain. So work in your garden my dreamer, Nor deem that your effort is ill. Should you not gather the harvest, There's many a one who will.

Whom or what the Fates wish to destroy they first make beautiful. Remember Babylon? Miami, with her azure sky, her summer sea, is laid waste by a storm which swept in from the tropics. And pestilence is stalking in its wake. Nature and man had made Miami and her environs the play ground of the nation. A famous writer and scientist remarked that he would not care for Heaven after seeing Miami. Wealth was in evidence on all sides. Fine motor cars dotted her thoroughfares. Magnificent villas graced her boulevards. Skyscrapers etched her sky line. Gone is the glory that was Miami's; but wisdom shines through the dust of the ages.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!
