IN MEMORY OF OUR DEAR ONE

The death Angel visited the home of Mr. S. F. Abernathy on September 5th, and carried the dear wife and mother to rest with Jesus. She has been a good and faithful wife and mother. She was married to Frank Abernathy on the 27th day of October in the year of 1868, was born and raised in Macon County, N. C., and was a true christian to every one. She is survived by her husband and eight children: Dr. J. B. Abernathy of Atlanta, Ga.; Joe Abernathy, Bob Abernathy, Ellie McDonald, Mattie Beaver, Luckie Garrett all of Grandview, N. C.; Polly Woody, of Marble, N. C.; Cora White of Andrews, N. C.; and four children died when her family was small; twelve children in all.

She was 79 years, 5 months and 23 days old. She joined the Baptist Church in the year of 1859 and has been a great Bible reader and a worker for the Lord.

She was a great lover of birds and flowers, and also loved her whole family and did all she could for them all.

The funeral services were held at the Hangingdog church. Revs. John Mulkey and Thomas Truett preached the funeral sermons.

Let us be ready when God calls to meet the dear mother in the land of rest and love where there is no grief or sorrow, for she said just a few moments before the end came I am so happy, oh, I am so happy. Thank God for this consolation.

She had been a subscriber to the Cherokee Scout for more than 30 years and enjoyed it very much.

Proof positive
See road test on Dodge cars
40% less oil, 10% less gas

ROAD tests with hundreds of cars prove that the new "Standard" Motor Oil works wonders with automobile motor performance.

For instance, a Dodge, run 1,080 miles from September 24th to October 22d, 1925, showed 40.9% increase in oil mileage; 10% increase in gas mileage; smoother operation at all speeds; more power; less drag on the hills.

Here's performance you have never dreamed of getting from any lubricating oil. Drive around to the nearest "Standard" Service Station or dealer and get a crank case full. Then expect results. You can actually feel the difference.

(New Jersey)

"STANDARD" MOTOR OIL

7 Advantages of "Standard" Motor Oil

1. Constant lubrication.
2. Minimum friction.
3. Less "beaking-down" under load or at high speeds.
4. More miles per quart of oil.
5. Better hill climbing—smoother operation.
6. Negligible carbon.
7. Actual saving in gasoline.
