## Run-Down gave out easily

"MY health wasn't any account at all," says Mrs. H. L. Cayton, of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough. "Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength. "Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better. "Two years ago I decided to take it again. It built me up and made me feel like a different person. It is the grandest medicine for women that I know anything about."

## A Word With the Old Folks

Elderly People Are Learning Importance of Good Elimination.

IN the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Scanty or burning passages of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endorsers who acclaim the merit of Doan's. Ask your neighbor!
